Do-It-Yourself Butcher

FOUR-YEAR-OLD Gregory Tripodes of 947 Foothill Drive, Colma, heard about the Bay Area's meat strike this week and decided to take matters into his own hands and become a do-it-yourself butcher. With an ax slung over his shoulder, he attempts with a pan of bread to entice a prospective dinner. At last report, his new occupation had failed to gain any headway. The prospective dinner wasn't about to become involved — in any way—in the strike.

COAST PLANS MOCK AIR CRASH

It Could Happen One Day

By MARILYN BRANNAN

A SLEEK JETLINER climbs steadily after departing from San Francisco's International Airport and gracefully turns to the south in the first moments of a short routine flight to Los Angeles.

Suddenly, the plane falters in midair, hangs suspended for a split second and then slowly begins a spiraling descent that gains momentum with each turn.

People wheeling grocery carts toward their cars at Pacifica's Eureka Square Shopping Center watch in silent horror as the silver plane nears with increasing speed.

In nearby homes, families are settling down after dinner to enjoy a quiet evening. It's 7:30 o'clock and someone consults the television log.

The quiet of the evening is suddenly shattered as an unexplainable roar becomes a terrible crash and bric-a-brac bounce from shelves onto the floor.

FORTUNATELY, it is nearing nightfall and few people are present in city hall when one of the plane's engines tears from the fuselage and smashes through the building's roof.

It plunges through the first floor and lands atop the telephone room, cutting all city hall communications.

Fire engines make their screaming entry onto the scene to fight the flames that now crackle in city hall.

Police communication facilities located in the city hall are useless.

Fire and police personnel examine damaged buildings in the shopping center and assess the damage to homes in the surrounding area.

Bodies and wreckage are strewn about the center parking lot.

All the passengers of the airplane are dead. Many other people have suffered injuries from flying glass and debris.

Although the Eureka Shopping Center has been spared the threat of fire, firemen waste no time getting to the scene to clean up large quantities of jet

DIRT-HAUL MEASURE

St. Francis Gets A New Stop Sign

By RON BATES

The Daly City Council last week allayed the fears of several residents of St. Francis Boulevard who had expressed concern over an agreement that will allow state highway trucks to haul dirt over their street in connection with nearby freeway construction.

The council established a three-way stop sign at the intersection of St. Francis and Higate Drive to slow down trucks coming off Skyline Boulevard.

In the same action, Councilman Albert Polonsky said the area would be patrolled more extensively to crack down on speeders who, residents told him, have been using the long stretch of road as a "drag strip."

Polonsky said the speeding problem exists now and that residents were afraid the trucks would add to it.

Polonsky met with the same worried residents who had asked the Jefferson Elementary School District Board of Trustees to look into the dirt-hauling situation.

He explained that the state owns the property where the freeway lateral connecting Junipero Serra and Skyline Freeways is to be constructed and could build its own temporary road to Skyline.

But, he added, the Division of Highways then could operate 24 hours a day and residents would have trouble collecting for any damage caused by wind-blown dirt.

According to the contract negotiated by the city, he explained, the state will be able to operate its trucks only between 7 a.m. and 8 p.m., will be liable for any damage to private property from wind-blown dirt and will have to restore St. Francis to its original condition after the hauling is over.

By permitting the state to use a portion of St. Francis, he pointed out, the city has more control over the hauling.

The stretch of road that will be used is adjacent to the Christopher Columbus School.

Children from 10 homes on the east side of St. Francis have to cross the street to get to the school. The trucks will pass by 20 homes on the designated route.

City Manager Edward Frank said he has discussed the dirt-hauling with school district officials and has been assured of

JESD Asks For Safety Assurances

The safety of children walking to school along the route to be used sometime after January 1 by state highway trucks hauling dirt was again a matter of major concern for the Jefferson Elementary School District board of trustees Monday night.

Supt. Richard L. Foster read a copy of a letter written by City Mgr. Edward Frank to M. E. Bloom, 27 Midvale Avenue, a spokesman for worried parents at last week's meeting of the board.

Frank wrote that the city council and its traffic committee were holding meetings to study safety factors.

He said the city had studied traffic patterns along St. Francis Boulevard between Clarinda Avenue and Skyline Boulevard and would install stop signs and controls.

And he pointed out that the state legislature has given the city the authority to control

Laguna Unity Plan Opposed By Council

Pacifica city councilmen took an official stand directly in opposition to that of the Laguna Salada Elementary school district board of trustees last week when they unanimously adopted a resolution favoring unification of the district with the Jefferson Union High School District.

Laguna Salada trustees have gone on record as favoring creation of a separate unified school district within the Pacifica area, while high school trustees proposed a larger unified district composed of the Laguna Salada, Jefferson elementary, Bayshore and Brisbane elementary districts.

Citing the economics of the local proposal, the council resolution mentioned the inability of the local area to support a secondary school system in addition to an elementary system because of the lack of a sufficient local tax base.

It also pointed out the separation of the local district from the larger district would be counter to the intent of state legislaion which provided for unified districts to cover larger areas.

Some $75,000 was allocated for the first part of a capital improvements program for the coming year. Some of the improvements approved include $7,000 for enlargement of forced sewer main and enlargement of the Brighton Road sewer pumping station; $50,000 for continued reconstruction of submarine out-

Unification Said to Be A Certainty

Unification of schools within San Mateo County cannot be successfully blocked, it was said last week during a meeting of the County Committee on School District Organization.

The best that can be hoped for, opponents and backers of unification plans agreed, is that schools might be unified within the limits of present high school districts.

The alternative to local action, they said, is state insistence, within a year or two, on unification plans that may perhaps involve the entire San Mateo County in one school system.

Allen Beaumont, trustee of the Burlingame School District, said he and his board will continue to oppose the Central Bayside unification of all San Mateo Union High School District, although he feels the fight is virtually hopeless.

Ken Saysette, chairman of the high school board, said he gets the feeling from sources in Sacramento that countywide unification may be forced by the

Morgan Asks Extra Salary Be Approved

By LOUANNE HEATH

Jefferson High School District Supt. Edward D. Morgan Monday night recommended that an added salary be paid coaches and other teachers who are involved in after-school programs.

He announced his support of a limited extra pay plan during a meeting of the district's board of trustees.

Speaking before a crowded room of spectators Morgan read, in its entirety, an outline of his views and recommendations on the question of extra pay for extra service.

He then requested that trustees study copies of his proposals and discuss them at the next meeting of the board October 26.

Amid an audible undercurrent of reaction from the audience and assembled coaches, Morgan declared:

"An extra pay for co-curricular activities schedule should be adopted and that, within the limits prescribed by these schedules, pay rate of $5.50 per hour of assigned work should be established."

In his report, Morgan specified that certain activities should be considered part of the teacher's regular contract

San Matean Is Winner In Contest

John Bagneschi of San Mateo picked 14 of 15 winners in the Post-Times weekly football contest last week to win two tickets to the Stanford-California Big Game.

Because no one picked all 15 winners correctly, the cash prize goes up to $250.

Details and an entry blank may be found on page 6.

An additional bonus of $50 is available to subscribers of The San Mateo Times, parent publication of The Post.

Bagneschi actually tied with one other person in correctly guessing on 14 winners, but his 250-yard estimate of the San Francisco 49er's yardage was closest to the 270 actually gained in Sunday's 49er game.

Chamber Sets Big Drive on Membership

The Daly City-Colma Chamber of Commerce board of directors mapped plans Thursday for one of the most extensive membership drives in the chamber's history.

While Pacifica, a city of 26,000, has increased its chamber membership to 128, Daly City's chamber membership in a city of 60,000 has remained at 162.

"If we're going to grow," City Chamber Manager Peter Markovich declared, "we've got to go out and get more membership."

He pointed out that the chamber has no members from either the Skyline Plaza or St. Francis Square Shopping Centers.

"We have a potential membership of 600," he declared.

The directors considered the idea of having a board of directors' breakfast and lunch one day with the complete morning spent calling on potential members.

Markovich said the idea has worked in several other communities very successfully.

The directors then approved the idea and said a system of card files on prospective members, similar to that used in the Mary's Help Hospital Fund Drive, should be used.

The date of the membership drive breakfast will be determined later.

In other business, the directors heard Councilman Bernard "Bud" Lycett, chairman of the chamber's annual installation of officers' dinner, give a "pep talk" on chamber members' participation in chamber-sponsored events.

Lycett said a "concerted effort" will be made to make the installation dinner at the Olympic Club November 14, one of the city's biggest annual affairs.

DECISION DUE

D.C. Muni Route Study Completed

The answer to the question "will Daly City get transportation services from San Francisco Municipal Railways?" moved a step closer after a meeting last week between members of the City Council's transportation committee and M. F. Ittig Jr., transit traffic superintendent of Muni.

The results of a study made by Ittig's staff and a copy of his report to V. W. Anderson, general manager of Municipal Railways, were reviewed and discussed.

Among the major points of his report were:

A route he proposed would probably operate at a loss.

The Muni plan would consist of two buses traveling along one route in opposite directions and remaining completely in Daly City.

No transfer privileges from Daly City to San Francisco would be offered because of a complicated accounting procedure that would be necessary if they were offered.

The most efficient route, Ittig said, would leave from Mission Street and San Jose Avenue and would run along Flournoy Street, Mission, San Pedro Road, Eastmoor Avenue, St. Francis Boulevard, Southgate Avenue, Lake Merced Boulevard, South Mayfair Avenue, Alemany Boulevard, Knowles Avenue and back along Mission to San Jose.

The route would have a 40-minute headway, Ittig explained and with the two buses traveling in opposite directions, a pa-

New Recruits Will be Sent To Louisiana

North County Army enlistees will be sent directly to Fort Polk, La., for basic training, recruitment officials announced this week.

The announcement was made in the wake of a decision by the Army to suspend all recruit training at Ft. Ord outside of Monterey in the aftermath of an outbreak of meningitis at the base.

The training was suspended for the balance of this year. The outbreak has affected 87 persons and has resulted in the death of 14 this year.

Recruit Sgt. William K. Sherman of San Mateo said that San Mateo County normally supplies about 40 new soldiers each month.

WATER DISTRICT ASSAILED

Rebellion in Westboro

Westborough homeowners, rebelling against operation of a water district in their subdivision by the property developers, have asked the help of South San Francisco to change the situation.

Ray Vetterlein, president of the Westborough Homeowners' Improvement Association, has asked that the city help them put the water district on a pay-as-you-go basis with the developer picking up his share of the tab.

Vetterlein says he and fellow Westborough home buyers were told that water and sewage lines would be installed by the developer, and paid for by the developer, only to discover later that this was not so.

He said they learned that the Westborough Water District had been created by a vote of the five registered voters in the area in 1961.

These five voters, he said, were all employes of the developer, or had some close financial connection to the developing organization, Caesar-Callan Homes.

The five voters, he said, approved a $4,750,000 bonded indebtedness against future residents of the area.

The created district, he points out, gave unlimited taxing power to the board of directors, and property taxes are now being levied against the homeowners instead of the $180 hook-up fee

Late Sports

Here is a rundown of action last week in football leagues sponsored by the Daly City Recreation Department:

FIFTH GRADE

Jim Wyatt scored three touchdowns and Ted Gray picked up two more to lead the PAL Pirates to a 35-0 rout of the Holy Angels Lions. The OLPH Orioles swept to a 15-0 win over the PAL Wildcats on the scoring punch of Mike Dean and Al Lujan.

SIXTH GRADE

Steve Azzarello found the end zone three times on runs of 25, 6 and 30 yards to pace the PAL Tigers to a 34-0 win over the PAL Indians.

Quarterback Vince Haymaker took to the air when the Indians bottled up the Tigers' running game.

The PAL Cougars overwhelmed the PAL Rams, 32-0, on the passing of Max Robertson and the catching of Don Wood. Wood scored two touchdowns while Rich Manning, Jim Karidis and Robertson picked up one each.

The OLPH Falcons downed the BYA Renegades, 14-0. Tim Denning and Mike Galli scored for the winners.

SEVENTH GRADE

The PAL Eagles routed the PAL Vikings, 43-7, as Ron Mosley threw three touchdown passes and scored a fourth on a 40-yard run. Targets for the three aerial TD's were Larry Belfrage, Herb Accentuno and Jess Ford.

The PAL Raiders bombed the BYA 49ers, 43-0, as halfback Mario Salvano passed to Greg Mattus for two touchdowns and ran for two others.

Also getting into the scoring act was Bill Beardsley and Mark Dellamagorgu.

SCOOTER STOLEN

Bruce Bartoli of 355 Park Plaza Drive, Daly City, reported to police last week that a motor scooter had been stolen from his garage.

co-operation in setting up any safety measures.

In other action, the council:

Received a resolution from the South San Francisco City Council, stating that Daly City could not connect any storm drain lines to South San Francisco's system along Hickey Boulevard.

Received notice of a proposed annexation of property to Daly City between Moltke and Price Streets and Lausanne and Abbot Avenues.

Approved final plans for the Southgate Court development at the end of St. Francis Boulevard.

fuel flooding the parking area and running into storm drainage systems.

The scene, over-all, is one of great tragedy marked by intense rescue action.

IT IS A SCENE, however, that did not occur but will be simulated sometime this month when Pacifica Civil Defense authorities stage a surprise drill that will include a make-believe airplane crash with all the after-effects described above.

The alert is scheduled to occur at 7:30 some evening. Approximately 200 citizens will participate in the exercise.

Paul Rushing, deputy director of Pacifica's Civil Defense and Disaster Council, said that the purpose of the drill is to give each participant step-by-step actions of the type and nature most likely to be taken in time of emergency or disaster.

The police and fire departments, a field hospital, emergency communications systems and rescue forces will be completely mobilized, according to Chief of Police Neil Tremaine.

HELP Group Confers With Laguna Board

Another move in the Ortega School parents versus Laguna Salada School District dispute was made last week when the three-man HELP (Help Eliminate Lax Planning) organization met with members of the district's board of trustees.

Chairman of the board Mrs. Ruth Budinot said the board was unable to make any decisions at the meeting as they were just guests of the Fassler Avenue-Crespi Drive parents, and the board was not meeting officialily.

The chairman of HELP, Eugene Cowhig, of 1026 Fassler Avenue, requested from Dist. Supt. Fred Lucas a list of parents whose first through third grade children are currently housed at Ortega School.

Cowhig said he wanted this list so that he could contact the parents to see if they would agree to increasing class size at Ortega School beyond the 33-student limit now in effect.

The children of the protesting parents currently are being transferred by bus to Linda Mar School to keep Ortega's class size to 33 pupils or face penalization by the state.

The penalty would probably come in the form of a denial of funds by the state.

However, such a penalty would not become effective until next year, district officials reported.

Lucas said that overcrowding in Ortega is such that the library has been transformed into two classrooms and the 33 student limit is "already much too high."

Cowhig was scheduled to make a report on his survey of parents at a regularly scheduled meeting of the school board last night.

Lucas said that a school is being contemplated on Fassler Avenue to relieve enrollment pressure on Ortega School, but it would not be ready for students for at least two years.

Designs for the school are in the hands of an architect and negotiations are under way to purchase a site.

The protesting parents insist their children should attend Ortega School because they were initially enrolled in the school this year and are closer to Ortega than to Linda Mar.

They maintain that their children have been shuffled around and that the stability of their children is jeopardized.

County School Supt. James R. Tormey says it is up to the local school board to decide which school the children should attend and that legal action will be taken against parents if it is thought they are contributing to the delinquency of minors by not sending their youngsters to the assigned school.

The three-man HELP committee is composed of Cowhig, Ronald Wise of 1039 Fassler and Robert Giacoma of 1034 Fassler.

transportation of dirt from freeway construction over city streets.

Bloom had requested last week that the board take action to see what could be done to protect children walking to school along streets used by state highway division trucks.

Board members expressed a wish that some type of mechanical control could be placed on the trucks themselves.

Trustee Thomas F. Noonan asked Foster to speak to Frank about qualifications of vehicles to be used.

Trustee Mrs. Katherine R. Mullen suggested Foster also explore the possibility of demanding a brake check on the trucks.

Foster said he would be delighted to bring these questions to Frank and agreed that every possible safety precaution should be taken to protect the children.

The board passed a resolution asking that the state education code provision governing class loads under the State School Building Aid Program be modified to agree with the minimum class size provisions of the Unruh Act passed this spring. The two provisions presently are inconsistent.

In further action, the board opened a bid on a contract to transport gifted children in the district.

It awarded the contract to the sole bidder, Servicar Company of San Mateo, in the amount of $8,750 to transport 16 students who attend special classes.

The board also voted to cancel its November 9 meeting because of a conflicting meeting Chairman O. Wayne Douglas must attend.

PACIFICA DOCTORS

Hospital Proposal Gets New Support

Pacifica's medical men have placed their stamp of approval on a plan suggested by the citizenry to build an emergency hospital in the city.

A group of interested citizens have been meeting to consider such a project as a memorial to the late city councilman, Harold Feyge.

Atty. James Foley, 67 Aura Vista, announced that Dr. Keith Wall, an orthopedic surgeon, has indicated that doctors from the Pacifica Medical Center are anxious to assist the group in any way possible.

A joint meeting between Dr. Wall and the group will be held November 20 to consider the project and discuss several plans already formulated by doctors at the center.

A steering committee has been formed to study all aspects of the project. The group includes Stan Farber, 1352 Redwood Way; Dr. Nile G. Porter, a dentist, 55 Aura Vista; Foley; Mahmoud Abouzied, 305 Loma Vista Terrace, and Mrs. Eugene Graziani, 476 Donaldson.

Foley said the group's next move will be to meet with Dr. Wall and come forward as soon as possible with a preliminary proposal of feasibility.

"Then we will get busy and seek public support," he added.

Foley said it is important that the public understand the emergency hospital project will be a civic endeavor, not a city council project.

"We will certainly inform the council and ask their support as individuals, but this project is strictly in the hands of the people," he stressed.

The group considers an emergency hospital vital to the area.

"The new Mary's Help Hospital will benefit Pacificans but will not offer them any facility for immediate treatment," Foley said.

He said the group considers the emergency hospital as a supplement to other hospitals—not a competitor.

"We do feel our community is big enough to require its own emergency facilities."

He added that both the Pacifica Chamber of Commerce and Junior Chamber of Commerce have indicated interest in the project.

Oompah on The Mall

A concert by the Daly City Municipal Band under the baton of Roland Terry will highlight a "money tree" promotion Saturday in the mall of the Westlake Shopping Center.

The concert will begin at 1 p.m. and will feature selections from Broadway musicals. A "so you want to lead the band" contest for youngsters will be included. The concert will be the last by the band in Westlake this season.

Details of the "money tree" promotion may be found in the second section of today's Post-Times.

tron would be able to catch a bus every 20 minutes.

Ittig said in his report that because the route goes through an area of single dwelling units, the passenger potential would be reduced.

On the positive side, however, he said, the route would go through the commercial area on Mission Street, the Alec Shopping Center, the St. Francis Square Shopping Center, Skyline Plaza and the Westlake Shopping Center.

Ittig also pointed out that the proposed Bay Area Rapid Transit station will be located north of Knowles in the area around Junipero Serra Boulevard and some consideration would have to be given to relocating the main terminus of the route when the station is completed.

The traffic superintendent said the exact cost of the route to Daly City would depend on headways, hours of operation and patronage of the bus lines.

He said that because there is no existing line now, it is hard to estimate how successful patronage on this line will be.

Ittig said that if the route is successful, the City Council may want some other routes in Daly City studied.

His report will be examined by Anderson when he returns from a business trip, Ittig said.

In the meantime, Daly City Finance Director Joseph Arch will meet with members of the Muni's accounting department to discuss methods of keeping track of fares.

Attending the meeting with Ittig were Councilmen Albert Polonsky and Francis Pacelli and City Manager Edward Frank.

legislature unless local action is taken.

Such a countywide merger, he said, could be insisted upon by the legislature next year or the year after.

Other spokesmen, including Paul Bradley, chairman of the county committee, said this feeling appears to be true.

He indicated that approval by the local boards of a plan to unify San Mateo Union High School District and the five elementary districts within it, might forestall such a state action, if the local approval occurs before the legislature gets into action in January.

D.C. Resident Is Seized in Betting Raid

A Daly City apartment was raided last week and one man charged with taking part in a bookmaking operation said to net approximately $600,000 a month.

The raid, by six agents of the Internal Revenue Service and Daly City Police Lt. David Hansen, was made in conjunction with a similar raid on a home in the Sunset District of San Francisco.

Arrested in Daly City was Nickolas P. Radmilovich, 48, 450 Palmcrest Drive.

Seized in the San Francisco raid at 1950 Thirtieth Avenue by IRS agents and San Francisco police officers were Charles Screeton, 45, a garage operator, who lives at the Thirtieth Avenue address, and Howard S. Lafferty, 43, 3851 Twenty-first Street.

Hansen said that Screeton had been arrested about three months ago in an independent raid by Daly City police on a Westlake home.

The agents, armed with a federal search warrant, knocked on the door of the Daly City apartment and identified themselves. Radmilovich, who has been in the apartment for approximately three months, was arrested after he answered the door.

The three men seized in the two raids were charged with failure to purchase the $50 federal wagering tax stamp.

they were told they would have to pay.

Since its operation, he said, the district has paid to the developers over $155,000 for lands condemned by the water system for use in laying sewer and water lines.

The developer's engineer and attorney became the engineer and attorney for the district.

Of the five original directors, he said, only one remains, but he is now maintenance man for the district.

The present five directors, he said, include only one who was elected. The remaining four were appointed by previous directors.

Although all five are now Westborough homeowners, said Vetterlein, three of them are or have had some direct financial connection with the developers.

The lack of elected representation is but one thorn in the side of his association, Vetterlein says. Another annoyance is that the district's secretary auditor is Callan's partner, Joseph Caesar.

Vetterlein also claimed that the district was not set up for the residents but as a device whereby the developer could raise money by issuing bonds that future residents will be required to pay.

A session of the homeowners, with city officials invited, has been scheduled tomorrow at Southwood School.

"We realize that what is past cannot be undone," said Vetterlein, "however, we believe that this practice of using public funds to subsidize a developer should not be allowed to continue."

LOW ENROLLMENT

Fairmont School Falls 215 Short

Enrollment in the new Fairmont School in the Laguna Salada School District has fallen short of predictions.

John Munt, assistant district superintendent for business services, said that only 570 of an expected 785 students have enrolled in the school.

"As near as I can figure," he said, "something must have happened to home sales during the summer."

He stated that Fairmont homes were selling at a rapid rate during the spring, and school administrators assumed the trend would continue through the summer.

"I have discussed the matter with a local realtor and banker and they have no idea why the sales seemed to have ebbed," he added.

Munt pointed out that all 215 "missing" pupils cannot be attributed to a lack of children in the subdivision because projected figures for the school included some youngsters the district expected to bring in from Westview.

"However," Munt said, "we seem to have lost some Westview children this summer and we have enough room at that school to keep them all there."

Two more schools are in the offing for the Fairmont area. Blueprints for one are going to the State Allocations Board for approval November 10. The third is still in the idea stage.

"A site for the third has been set aside by the Planning Commission but it has not as yet been purchased," Munt said.

He added he expects approximately 1,700 students to ultimately attend schools in Fairmont. And that it will take five or six years for all three schools to be ready for students.

The third will not be completed before September of 1966—at the very earliest.

"The district must determine where the pressure for new schools is the greatest," he explained.

Munt pointed out that the district's most crucial overcrowding problems at the present are in the Linda Mar area. The district is short two classrooms there and will be short three next year.

"We are beginning a study of this problem and it may turn out that priority on school construction will be in Linda Mar," he noted.

Morgan Asks Extra Salary Be Approved

work load and therefore not qualified for extra pay.

Mentioned in this category were school club programs, faculty and department meetings, curriculum development meetings, textbook selection committee work, field trips, professional meetings and consultant service meetings.

The coaching staffs, girls' athletic program leaders, and instructors dealing with dramatic productions, band and choral programs, speech and debating and school publications were listed in his proposed schedule for extra pay.

Also listed were officials for various athletic events, Saturday activities and dances.

Morgan's proposals allowed for a total of 2,160 hours annually in overtime to be divided among those events requiring after-hours instructional duties. Total cost of implementing the proposal would be $47,520, he said.

In keeping with the concepts outlined in an original coaches' proposal, Morgan's recommendation calls for the immediate re-assignment of coaches to classroom instruction for the last period each day.

This, he said, would put an end to the current practice of conducting physical education during the school day's final hour for team members and would make more faculty members available for classroom duty at that time.

Morgan's recommendation followed by two weeks a report by a committee of teachers, coaches and administration officials that they were unable to agree on an extra pay proposal.

Pacifica Advised To Join Fully in Transit Studies

Pacifica was advised last week by a governmental research official to participate fully in the development of any transit plans by the newly authorized West Bay Transit Authority.

W. Kenneth Norris, executive director of the Governmental Research Council of San Mateo County, told a Pacifcia Chamber of Commerce meeting that no firm transit program has developed yet nor is one likely to be "for some time."

However, he told Chamber members that Pacifica leaders should be prepared to present the city's views toward transit and the transportatica problems affecting the city when the authority begins its studies.

Norris made the comments in answer to a question raised by chamber manager Basil Gladieux.

Gladieux questioned the benefits rapid transit would have for Pacifica and asked if the cost of a transit system to Pacificans would be proportionate to the benefits received.

Norris said that to date, the only cost is a one-cent addition to the county tax rate and that the tax proceeds will finance a study of the county's transit needs.

"There should be no fear today of Pacifica not getting Pacifica's share," he said.

He added he believes the authority will find that the county's transit problems are unique and different "from any other area."

In prepared remarks, Norris decried the rapid growth of governmental entities in California. He noted:

"Local government in California has grown so rapidly that we have allowed it to meander and build upon itself. We'd better think about the efficiency of government and not worry about such bogeys as home rule."

He said California and the county have "far too many" special districts and suggested that the county may have too many cities as well.

Prior to his remarks, the chamber passed a resolution in support of Proposition 3 on the November ballot—a proposed $260-million bond issue for school construction and improvements.

Lions' Drive Is Termed A Success

The Daly City-Lion's Club annual white cane drive scored a significant success this year, according to Ed Byrne, chairman of the drive.

The campaign netted more than $900. Members of the club collected donations in shopping and business areas.

Proceeds will be turned over to the Lion's Eye Foundation, based in San Francisco. The foundation provides glasses, seeing-eye dogs, corneal transplants and medical help for needy children.

Persons who wish to contribute and who were not reached during the drive may send their donations to the Lion's Eye Foundation, care Joseph Rohl, 23 Westbrook Avenue, Daly City.

66 Juveniles Are Held by S.S.F. Police

Numerous complaints of shouting, profanity and fighting by several hundred juveniles drew all available South San Francisco police officers and several reserve officers to a drive-in restaurant late Friday night.

The officers were dispatched to McDonald's Drive-in at 435 El Camino Real where they took 66 juveniles into custody and questioned and released 135 others.

Seven of those apprehended will face criminal charges, including disturbing th peace and being under the influence of alcohol. Traffic citations were also issued for unsafe vehicles.

The remainder of those apprehended were booked on charges of violating the curfew laws.

South San Francisco Police Chief John Fabbri later commented on the situation:

"Since its opening several months ago, McDonald's Restaurant has progressed into a weekend haven for unruly, intoxicated youths from this city and neighboring communities, who gather there to commit acts of malicioous mischief, vandalism, assaults and thefts, which demand a great deal of police attention."

Fabbri stated that it is the responsibility of parents to control the activity and behavior to their minor children.

"Parents should all be aware of the South San Francisco curfew ordinance making it illegal for anyone under the age of 18 to be out between 10 p.m. and dawn unless accompanied by a parent or guardian," he said.

He said the police department will assist parents in any way possible but "will not tolerate flagrant violations of law by large groups of minors who congregate and create situations where lives and properties of others are endangered."

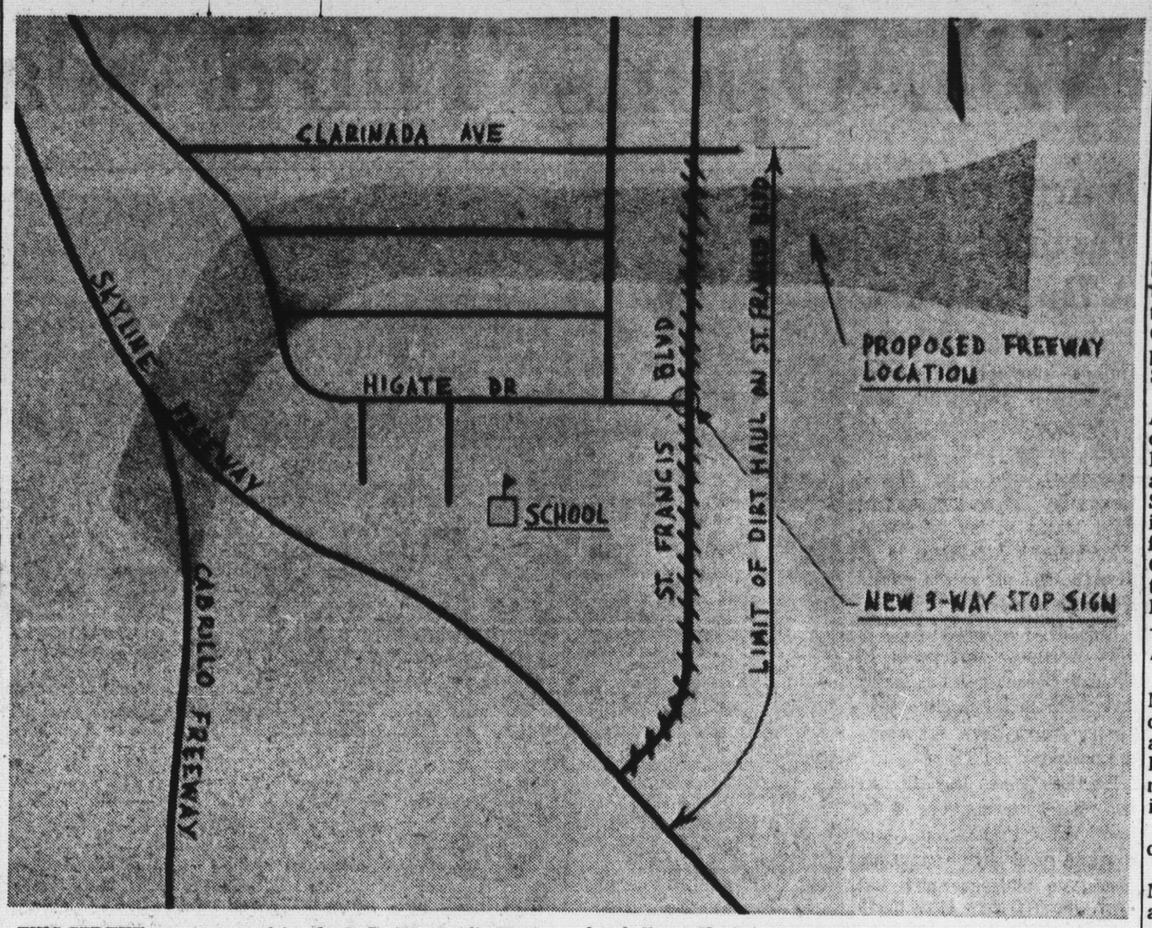
How Dirt-Haul Pact Will Affect D.C.



THIS STREET map prepared by the Daly City Public Works Department, shows the affect of a dirt-hauling agreement between the city and the state and subsequent actions by the City Council. State highway trucks will be limited to the stretch of St. Francis Boulevard indicated by cross-hatch lines. Shaded area is the proposed location of a freeway feeder. Council established a new three-way stop sign at Higate Drive and St. Francis to slow down trucks coming off Skyline Boulevard. The trucks will be allowed on St. Francis between 7 a.m. and 8 p.m. only.

Serra Freeway in Daly City Is 15 Per Cent Completed

Construction of Junipero Serra Freeway is approximately 15 per cent completed on the first four miles through Daly City, State Senator Richard J. Dolwig (R-San Mateo County) reported last week.

This section of the roadway, which ultimately will extend to San Jose as part of the "Great Circle" federal civil defense highway, has been projected for completion by 1966, according to Dolwig.

Funds in the amount of $9,978,000 have been allotted for the Junipero Serra Freeway section from state highway funds, and additional moneys have been contributed by the San Mateo County Sanitary District and Daly City.

Design of Junipero Serra, which is known as map route. Interstate 280, has been planned to provide as much open, unrestricted views of scenic areas in both directions of traffic, Dolwig rported.

Partial financing has been provided in the 1964-65 Division of Highways budget for construction of two separate projects on Junipero Serra south of Daly City. Dolwig also reported.

Extension of the route Eastmoor Avenue in Daly City to south of Arroyo Drive in South San Francisco will require $1,800,000. An additional $8,625,000 will be required in the 1965-66 budget for completion of this sergment of the highway.

The second item in the 1964-65 budget is $2,500,000 for construction of Junipero Serra through Hillsborough, between Bunker Hill Drive and Black Mountain Road. An additional $4,785,000 will be required in the 1965-66 budget to finish this part of the road.

D.C. Manager Is Honored

Daly City Mgr. Edward Frank was one of 129 city managers honored at the Fiftieth Anniversary Conference of the International City Managers' Association in Chicago last week.

Frank received the association's 15-year award. Forty-five others also received the 15-year award.

The awards were presented by W. Bert Johnson, ICMA president and manager of Arlington, Va.

New Stretch Set to Open

More of the new Cabrillo Freeway will open tomorrow to traffic as the State Division of Highways opens up a stretch extending through the Pacifica Manor area, according to Dino Casinelli, state project engineer.

Freeway traffic will be moved off frontage roads and the contractor will proceed to repair and fill holes on and about the frontage roads.

Casinelli added that the frontage sreets will not be open for two-way traffic and he urged all drivers to watch for signs and be careful.

He reported that the bridge at Paloma Drive was opened last week and that the old Carmel Avenue crossing is being removed.

HE WEARS PANTS, doesn't have a mean stepmother and isn't about to turn into a pumpkin at midnight or any other time. Yet there is a certain Cinderella aura to localite Terry Christman who two weeks ago signed a major league contract with the New York Mets.

Terry has the paper credentials, all right. As a prep pitcher-first baseman at Westmoor, he hit a ton, had a 25-7 pitching record, was twice a Ram most valuable player, a three-time all-leaguer, NPL Player of the Year in his senior year and played on every Bay Area all-star team extant at at the time.

He went to San Francisco State College, was a freshman sensation at both hitting and pitching and in his soph and junior years was the Far Western Conference Player of the Year.

This past summer, he played in the tough semi-pro South Dakota Basin League, had a 7-3 pitching record and hit .320.

Yet Terry received only $13,500 from the Mets, a pittance in this era of hundred grand shell-outs to mere teen-agers (Terry's 20). And, admittedly, not every club in baseball was after Terry.

Why? Because while Terry has good size (6-2, 180), he's no Frank Howard. He can run, but Willie Davis he isn't. He's got the good arm, but nobody's ever accused him of being another Sandy Koufax. He can hit, but will go to spring training with Salinas in the class "A" California League next spring as a pitcher. And even though he's a southpaw, the relatively quiet Christman will never have the color of a Daffy Gomez to draw the crowds.

★ ★ ★

WHY, THEN, were the Mets willing to spend even into the double figures on Christman? Because West Coast scouting supervisor Roy Partee (former St. Louis Brown, San Francisco Seals catcher) obviously recognized the one factor no statistician has ever compiled — the common factor that makes Terry and Cinderella kin under the skin, the factor for which some teams will pay triple figures.

The factor is known in the trade, simply, as "Desire," and Terry Christman has it in bundles.

No one ever called Terry a great natural athlete or a scholar but he's signed a major league baseball contract. Now only 11 units shy of graduation and a teaching credential (he's majoring in physical education and minoring in social studies, had a year of collegiate baseball eligibility left when he signed and plans to finish college in the off-seasons) he's missed the honor roll only once.

"He's always worked very hard for everything he's wanted," says Terry's mother. "He's always wanted to be a major leaguer, always pointed for this contract. He was never really serious about any other sport. It was always baseball.

"Yet, he decided on his own to get an education, first. He could have signed right after high school and any time since but he's insisted on coming as close to that degree as he could before signing."

Christman's high school coach, Rod Losberger, says: "Christman was one of the most coachable players I ever worked with. He always gave more than he was asked.

"I often, after regular practice, spotted Terry working on his hitting or fielding or pitching in the early evening, on weekends, in the summer.

"He'd run, on his own, for miles, to keep in shape. "Terry always gave 110 per cent."

Only one thing bothers us about our Christman-Cinderella analogy.

Terry's Prince Charming is going to have to be Casey Stengel.

★ ★ ★

SIDELIGHTS TO the Christman Story: Christman became the fourth member of the 1960 championship Westmoor team to sign a major league contract. The others were Barry Krohn and Tom McHugh, who signed with the Dodgers, and Rich Morales, a White Sox chattel.

And we wonder when the Giants will sign one of their own. It's rumored Giant Scout Eddie Montague wants the Rams' Bruce Hix very, very badly.

Should Terry make the Big Club, he'll have a variety of vocal support when he hits Candlestick.

He was born in San Francisco's Mission District, attended elementary school in Colma, high school in Daly City, and his parents are from the midwest.

Terry's father, Bud, incidentally, was a ranking featherweight boxer in the early and mid-forties, which probably explains where Terry got his fighting spirit.

THOUGHTS TO ruminate upon during winter: If the Milwaukee Braves had gotten even a decent pitching performance from usually old reliable Warren Spahn this year, they might have taken the pennant. They had everything, apparently, but the pitching.

Of course, we could go into the injury to Felipe Alou, which also could have made a big difference, but then we'd also have to go into Giant and Dodger injuries and sub-par performances by stars around the league—such as the relatively poor seasons for Cincy's Vada Pinson and Frank Robinson. And all that would be another big story.

All teams suffer injuries and unexpectedly poor performances. The team that suffers fewer injuries and fewer disappointing individual seasons is the team that wins the pennant — not the team with the best looking spring training roster.

They say that only a good pitcher can lose 20 games because if he didn't have it, they wouldn't let him pitch that often.

Which is why we feel sorry for tough-luck Met pitcher Galen Cisco, who managed to lose only 19 this year. That's too few for a raise, but plenty enough for a cut.

The first three teams in the AL had better winning percentages than NL Champ St. Louis.

NPL Opens Third Season Friday

Warriors Are Favored; Jeff A Dark Horse

If the old adage, Practice makes perfect, has any truth in it, the South San Francisco Wariors should walk away with all the marbles when the North Peninsula League opens its third season Friday. The Warriors made it a practice to go through four pre-season games without a loss.

In contests scheduled for Friday, Westmoor travels to El Camino, Oceana visits Jefferson and South San Francisco journeys to Terra Nova. All games are scheduled for 3 p.m.

Warrior Coach Ray DeJong has what he terms "one of the best outfits" he has ever coached. Led by back Greg Jones, an all-league pick last year, the Warriors have depth in every position.

South San Francisco notched wins over Capuchino (31-7), San Mateo (21-0) and San Lorenzo (27-18). The only game not a victory was a 19-19 draw with Mills.

Jefferson, on the strength of the passing arm of quarterback Rich Cuadra, has thrust itself into a dark horse role. The Indians notched wins over Ravenswood (19-15) and Tahoe (21-14), fought San Rafael to a 7-7 tie and bowed before Mills, 33-12.

El Camino, which along with Westmoor was tabbed as the Warriors' chief obstacles to a title, was winless in the practice sessions.

The Colts came closest to a win when they tied Capuchino, 13-13. The Cols were victims of Serra (13-7), Hillsdale (27-13) and Willes (21-14).

Westmoor, NPL champions for the two years of the league's existence, was hurt by the practice contests as several key players were injured.

The Rams started off winning against Fremont (21-13) but lost the next three encounters to Woodside (27-13), Aragon (47-13) and Serra (21-14).

The Terra Nova Tigers under new coach Bob Fischer proved they were capable of winning by downing Lick Wilmerding (14-12) and Half Moon Bay (20-12). They lost to Sonoma 20-0 and to Salesian (25-0).

Jess Jones' Oceana Sharks have had a bad case of "fumblelitis" and that accounts primarily for their 1-3 practice game record. The Sharks topped Lick-Wilmerding (13-6) but fell before Sir Francis Drake (48-0), Crestmoor (22-13) and St. Mary's (19-0).

El Camino Is Beaten By Willits

The football team of Willits High School met El Camino's Colts at South San Francisco Friday night and this week the Colts are wishing that their northern visitors had left their ground attack at home.

Out-rushing the Colts 125 yards to 80, the visiting Wolverines marched to a 21-14 non-league victory in a hard-fought contest at Clifford Field.

Willits scored early in the first quarter and gave an indication of things to come when pile-driving fullback Bob Reinhard plowed off tackle for a touchdown that came at the end of 13 consecutive running plays.

The visitors added two points on a blocked punt for a safety before the determined Colts got on the scoreboard with two second-quarter scoring passes.

Mike Tyler tossed a 30-yard aerial to Jim Cassandras and another for 35 yards to Steve Price for the touchdowns.

A third-quarter, lost fumble allowed Willits to tie the contest at 14-all when Steve Holmes sprinted over for the touchdown and another Colt fumble was followed by a seven play drive that the Wolverines unleashed for the winning score.

Serra Big First Half Halts Rams

By RON BATES

If Westmoor High School coach Pete Matisi could get his Rams to play four quarters of football instead of saving it for the last quarter, he'll stand a better chance of hanging on to that North Peninsula League title he has won for the past two years.

But he didn't Friday, and the visiting Serra High School Padres wound up winners by a 21-14 score.

The Padres, put on a display of power throughout the first half that got Ram rooters thinking it was going to be a repeat performance of last week's 47-13 rout at the hands of Aragon. The Padres led at the half, 19-0.

The Rams came back in the second half to make it a contest. The Westmoor defensive unit halted a Serra March on the one foot line when tackle Dan Hartman recovered a fumble.

With the running of Rodrigues and Dave Dotur, and a 45 yard pass interference call, the Rams moved the ball to the two-yard line where Dotur scooted over for the score.

Jones Leads Warriors to Win in S.M.

By GARRY NIVER

When you're in trouble, call on Jones.

That's the formula the South San Francisco Warriors High School used to ramble over a determined and game San Mateo Bearcat eleven, 21-0, on the San Mateo field Friday.

Greg Jones, a junior halfback who gets out of more scraps than James Bond and who is nearly as strong as superman, wrote a happy Walt Disney ending for the South San Francisco fans in a title which had been billed as "the mythical Peninsula championship game."

The brilliant halfback did this:

1—Recovered a Bearcat fumble on his own five yard line, killing off a definite Bearcat scoring threat.

2—Picked up eight crucial yards and a first down on a fourth down situation which eventually led to a Warrior touchdown.

3—Scored two Warrior touchdowns himself.

4—Ended up his fine day with 180 yard rushing in 17 carries for a sparkling 10.6 average.

Bearcat quarterback Freddie Garrett was proficient in his passing, getting nine strikes out of 16 tries. The left-handed signal-caller engineered the initial drive of the first period down to the South San Francisco five, only to have it go sour on a fumbled pitchout.

The Warriors then marched 95 yards for the first score of the game. Jones sprinted around right end 23 yards to the San Mateo one to set up the score. From there, fullback Steven Sanguinetti boomed it in on the first play to make it 6-0. Olson kicked the first of his three PATs to give South San Francisco a 7-0 lead at the intermission.

The Warriors, after kicking off to San Mateo to start the first second half, scored again the first time that they got their hands on the ball.

Jones took off around left-end, cut in, and hurdled a player to escape unscathed for a 35-yard score with 6:50 remaining in the third period.

The South San Francisco crew got their final score less than three minutes later. Halfback Joe Gregory took a Bearcat punt on the San Mateo 45, and behind good blocking, returned it to the latter's nine-yard line. On the first play, Jones took a hand-off from quarterback John Moro and spun his way into the end zone.

CUADRA STARS

Jeff Air Game Defeats Tahoe

The Jefferson Indians further entrenched themselves in the darkhouse role of the North Peninsula League by knocking over South Tahoe High School 20-14, Saturday at Tahoe.

Indian quarterback Rich Cuadra continued to show a good passing arm, hitting on 17 of 33 pass attempts for three touchdowns.

South Tahoe started the scoring on a 67-yard run early in the first quarter.

The Indians came back as soon as they got the ball and scored when Cuadra hit Tom Bettancourt on a 37-yard pass play.

The same passing combination was tried on the conversion attempt but Bettancourt dropped the ball.

Tahoe stuck to the ground and swept left end for 13 yards to go ahead 14-7.

The Cuadra-Bettancourt duo teamed up again to close out the scoring in the first quarter with a six-yard pass play to make it 14-13. Fullback Al Namanny punched over for the conversion.

Both teams went scoreless in the third quarter but it was pretty much the Indians' game.

Cuadra found halfback Jess Untalan free in the fourth quarter and passed 10 yards for what turned out to be the winning touchdown.

The scoring play was set up by Untalan who had made the only interception of the day on the Jefferson 20 and had run the interception back to the Tahoe 20-yard line.

Jefferson coach Joe McGrath cited Bettancourt and fullback Al Namanny for their defensive efforts.

Jefferson	6	7	7	0	—20
South Tahoe	14	0	0	0	—14

Jefferson — Bettencourt, 37 pass from Cuadra (kick failed); Bettencourt, 6 pass from Cuadra (Namanny kick); Howe, 8 pass from Cuadra (Bettencourt pass from Cuadra).

Sharks Bow On Fumbles

Oceana High School will be hoping for a more tenacious grasp, among other football talents, next week when the Coastside Sharks open their North Peninsula League season against Jefferson.

Oceana was routed, 20-0, by St. Mary's at Berkeley Friday, a defeat which was lessened little by eight Oceana fumbles and an offense that produced only 84 total yards. Oceana failed to penetrate the St. Mary's 25-yard line at any time in the contest.

Colts a Mystery; Oceana Ranks Thin

Camino Plays Close-to-Vest Grid Strategy

By JOHN HORGAN

OF THE SIX schools in the North Peninsula League none is more a mystery than El Camino High School's Colts. Coach Bob Sexton's eleven appears to have lost too much to be in contention for the NPL title this year—but no one is counting them out yet.

Lost from the team that went 6-3 in 1963 are all-leaguers Walt Harris, Ernie Tressite, Dale Abrams, Mark Avelar, and John Lasota.

Harris, Avelar and Lasota were all backfield men and their loss will be particularly difficult for Sexton to replace.

But important events are materializing on the Colts' South San Francisco campus, and this bodes ill for the rest of the circuit. Certain items bear mentioning at the outset.

2—The Colts have in their stock of well-drilled players three returning tackles and one enormous addition in the person of Ed Green, a mobile 274-pound sophomore. Tackle is deep and strong.

2—In the person of quarterback Mike Tyler, the Colt coaching staff is sure that they have the best signal-caller in the league.

3—To replace Harris in the backfield, Sexton has been grooming basketballer Mick Ackley. According to the coach, "Ackley is just a step or two away from being right up there with South City's Greg Jones as one of the finest backs in the league."

Untested? Yes, But the word is out on the boy, and the word spells trouble for the NPL.

4. A winning tradition has been established on the Colt campus which will be hard to displace. They play a "close-to-the-vest" brand of ball which discourages mistakes and hence puts the emphasis on defense and running power on offense.

BUT WITH ALL this unguarded optimism there are some ominous holes which must be filled.

There are no returning starters at either halfback or end, with the end position most in need of shoring up.

Sexton has Bob Iacono, Bill Jones, Steve Price, Jim Cassandras, and Russ Jordan working out at the position now with Cassandras also helping out at halfback should the need arise.

With Tyler and Ackley in the backfield will go possibly Jim Loorya.

John Castellanos, Jim Sayles, Russ Outlaw, and Charles Threlkeld are front line reserves.

At center, the Colts use Gary Scott (175) and he might develope into a standout by midseason.

Guards will be Mike Lenaers, who doubles as a linebacker on defense, and either Russ Lee, Tony Trujillo or Bob Smith. Lenaers is the standout in this group at only 170 pounds.

TACKLE IS the strongest position on the club with returning all-leaguer Wayne Caton (205) heading the group. George Coulter (225), Jack Curtis (220) and Green (274) lend a massive helping hand on both offense and defense.

Sexton lost two, and possibly three, important lads last week with the departure of back Wes Robinson and tackle Jack Prouty (200). Halfback Reese is still a possibility.

"We plan to stick even closer to the ground this year," says Sexton, adhering to the principle that the other club can not score if they haven't got the ball.

Using this principle, the Colts ground out nearly 1,000 yards rushing last year while the defense led the league with only 180 yards per game.

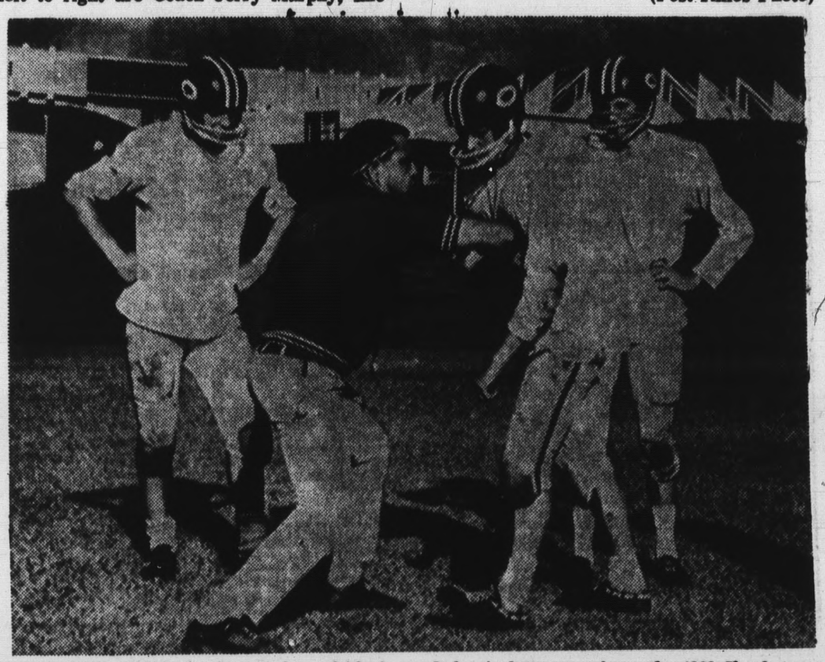
On the season El Camino allowed 61 points in nine games while scoring 133 themselves. League losses to South San Francisco (8-2) and Westmoor (13-6) could have gone either way for them.

As Sexton puts it, "I'll never forget those Westmoor stats."

He is referring to the fact that his team dominated the ballgame but lost out on the scoreboard where it counts.

With five starters back for 1964, a host of heavy and agile tackles, a fine defensive unit, and a winning spirit that has permeated the school since it began operation, the Colts figure to kick up their heels once again this year. Although they don't figure to rout anyone by unusually large scores, another 6-3 record is not out of reach for them.

COACH BOB SEXTON, of El Camino, kneeling, mulls over strategy with his coaching staff and two of his three co-captains. From left to right are Coach Jerry Murphy, lineman Gary Scott, quarterback Mike Tyler and Coach Ted Lucicero. Missing from the picture is Co-captain Mike Lenaers. (Post-Times Photo)



DEMONSTRATING the finer points of blocking to members of his Oceana Sharks football club is Coach Jess Jones. The player he's "taking out" is Al Morris. Looking on are Brook Davis, left, and Steve McCaughy.

Only six lettermen from the 1963 Shark team are back this year. Oceana opens its 1964 NPL season Friday at Jefferson. The Sharks ended their practice season last week with a 1-3 record. (Post-Times Photo)

Sharks May Have to Rely On 11 'Iron Men,'—Jones

By JOHN HORGAN

WITH A TURNOUT of only 25 candidates for the 1964 edition of the Oceana varsity football team, Coach Jess Jones of the Sharks is looking for help from the student body.

Having posted their first two wins in history last year (over Half Moon Bay and arch-rival Terra Nova), Jones is hoping for better things from his '64 club. But such will not be the case.

"We are so thin and untested that I shudder to think what might happen when the season starts," laments Jones as he surveyed the prospects for his Sharks.

Only six lettermen from the team that went 2-7 return in the North Peninsula League to the fall wars and all will start somewhere.

Jones lists only 15 boys as sure jersey-owners out of the 25 and this sad fact prompts him to make the statement that "we might have to use 11 iron men this year and you know what that means."

Jones is referring to the fact that any injury of a key man will cause disaster in the ranks of his team.

ON THE BRIGHT side, however, Jones can point to three quarterbacks who should perform well this year.

Steve McCaughey, Jim Maul, and Jim Orago all will see action both on offense and defense with McCaughey slated as the starting offensive signal caller.

In the backfield with Steve will go three light but quick scatbacks: Al Morris, Chuck Wynia and Brook Davis. Lloyd McElroy and Ken Cozby will back up these three.

If the backfield appears thin, the line is even more so. Jones has only one center (Rich Fischer, 155); two guards (Steve Rentmeister, 210, and Gary Helm, 190); three tackles (Rick Gabbert, 205, Bill Cashdoller, 220, and Larry Perimor, 190), and two ends (Ken Cozby and Jim Roach) that he is sure of counting on for duty.

After these eight there is nothing that the coach can point to with confidence.

OPERATING OUT of the winged T, Oceana might have trouble duplicating last year's offensive output of 65 points, especially since departed all-league back Tom Summy accounted for the majority of those markers.

The defense, while yielding 177 points, still managed to shut out one foe and limit two others to six digits apiece. This year's crew will do well if they can match that somewhat dubious record.

In his third year as head coach, Jones has no delusions about prospects for his team.

"We will be in trouble in every game we play. If our injury list shows about two or three men lost for any one game we might be able to hold off most teams for a little while."

On the subject of the North Peninsula League, he feels that "South City is the team to beat but the rest of the league is more balanced than it was last year."

About the only measure of solace that Jones can see on the horizon is the fact that neighboring Terra Nova is in roughly the same shape. The two meet on the final day of the season on the Tigers' home field for the championship of Pacifica.

A LINE THAT SINKS

SOUTH OTSELIC, N.Y. — When the fish are running deep a weighted core deep sinking braided dacron fly line comes in handy, says Mrs. Billie Coleman, vice president of one of the oldest fishing line makers in America.

Some call it a "lead line" and use when trolling for bluefish and striped bass.

Mrs. Coleman reports that such a line brought up two 33-pound Atlantic salmon in Scotland's River Tweed last fall. Pete Anderson of Peebles, Scotland, was the lucky angler and the fish were the only salmon caught that day.

The Rosenberg twins, former Waltham, Mass., high school track stars, will be running against each other when Northeastern and Brandeis compete in the future. Steve is at Northeastern and Art at Brandeis.

COMMENT

Younger Should Be Re-elected

THERE ARE to be found in the character of J. Arthur Younger who, from the very outset of his congressional career, has striven with unflagging diligence to give all of the citizens in his constituency, without respect to party lines, an almost personal representation in the nation's capital.

He has answered the calls and the letters of his constituents as a friend as well as a Congressman and has made their interests his interests.

That he has been able to continue this policy along with his ever-increasing duties as a senior member of the House is remarkable testimony to his capacity for hard work.

Again and again the people of San Mateo County have re-elected Congressman Younger by overwhelming votes and they will do so again in next month's election because they have learned to trust and respect him and to know that they get full value for their votes.

THE POST is pleased to recommend to its readers that they vote for J. Arthur Younger for Congress.

The old political slogan that "there is no substitute for experience" may be more than a bit shopworn and hackneyed, but it still makes a lot of sense for any constituency that is more interested in results from a candidate than in party lines and campaign oratory.

It makes particularly good sense in the case of legislators whose effectiveness and ability to serve their constituents well is enhanced by seniority, potent committee appointments, and the universal esteem of their colleagues.

IT MAKES especially good sense in the case of San Mateo County which is fortunate enough to have in Congressman J. Arthur Younger one of the top-ranking members of the House of Representatives.

As one of the ranking leaders of Congress he can, and has, given this county representation of far greater efficacy than could ever be achieved by any freshman member of the House.

While this, alone, is a sufficient common sense reason for his re-election on November 3, there are other compelling reasons for returning him to Washington.

Mountain Country

A CREEK MEANDERS through countryside heavily forested with Ponderosa Pine, incense cedar, Douglas fir, willows and aspen in McCarthur-Burney Falls Memorial State Park, one of the oldest in the California parks system. The park is situated northwest of Redding off U.S. 299. Features include a deep mountain lake, 129-foot high Burney Falls, 168 campsites and wild, inset country with a network of trails for the hiker. The altitude is 3,000 feet above sea level. Days sometimes get quite warm but nights are for blanket sleeping. This is another in a series on parks and historical areas within a day's driving time of the North County.

Pacific Parade

Outdoor Crisis For California

Don Miller

AFTER WADING through a veritable avalanche of pamphlets, press releases, official "statements," declarations of policy and so forth the past several weeks on Proposition 14 and a few other emotionally charged issues California will vote on next month, it was refreshing the other day to browse through a handsome brochure distributed by a group that calls itself "Californians for Beaches and Parks."

This organization is working diligently for the passage of Proposition One—a proposal under which the state would float $150-million in bonds to finance state and local beach and park acquisition and development.

Its 14-page brochure is an eye-opener. It shows pictures of Los Angeles' incredible urban sprawl with not a park in sight, of elbow-to-elbow fishing along a trout stream in the San Diego Mountains, of a totally disgraceful-looking public beach, littered because of a lack of funds to keep it clean, of a seemingly unending line of would-be campers in their autos outside a Tahoe park, waiting to get in when someone leaves.

The message, even without reading a word of copy, is clear: California's state parks have the SRO sign out too many times these days and unless something is done and soon, the enjoyment of the very thing a great multitude of present-day Californians are in California for will become only a dream.

★ ★ ★

FROM WHAT we've seen, the state's park system can't be equalled in its diversity. It includes sandy and rocky beaches, towering mountain peaks, majestic redwoods, lakes and desert, forests and open land, marsh and meadow, areas where history was made and areas both close to urban centers and far from the rush-rush of our busy cities.

It is exactly this diversity, coupled with the desire of California's 15-million city living residents to get away from it all, that has produced a recreation explosion that has overrun virtually every outdoor recreation facility in the state.

For example. Last summer, one out of every three families that drove to a Los Angeles County beach had to be turned away because the parking lot was jammed. And if the folks had been able to squeeze in the car someplace, chances are they wouldn't have found enough of an open space on the beach to spread out a blanket.

Another for example. In 1963, more than two and a half million visitors registered at Folsom State Park near Sacramento — even though the park has just 699 picnic units.

★ ★ ★

HOW WILL Proposition One change all this?

The proposal would provide $85-million to acquire new state parks—including historical sites, scenic and scientific preserves, public recreation areas and natural areas of scenic beauty.

Another $20-million would be used to finance the minimum development of these new lands—and the minimum would include providing access to the parks, sanitary and water facilities and safety measures.

For wildlife conservation projects, $5-million would be used to provide better access to prime hunting and fishing areas, to develop new fish hatcheries, pubiic fishing lakes and more salt-water fishing piers.

Finally—and here's where this whole business gets right down into our own backyard—$40-million would be doled out in grants for local park and recreation districts.

This program would relieve some of the pressure on the state park system by assisting local agencies to acquire and develop recreational facilities close to home.

The proposal has a built-in formula for dividing up the $40-million. Based on an official state estimate of the population in each county in 1975, $1.75 for each person would be allocated. For San Mateo County, the grant would total $1,134,750.

★ ★ ★

WHY A BOND ISSUE rather than other financing means?

The answer to that one, the brochure points out, is easy. Land in California, as you all know, is being gobbled up by subdivisions, shopping centers, etc., at a fantastic rate. This puts a increasingly greater premium on the land that's left.

Bond financing would make a large sum immediately available to acquire land quickly before real estate prices soar out of sight altogether. The bonds also mean that future generations, who would enjoy the new parks and beaches, would share the costs.

This can be translated more succinctly into local terms by trying to visualize what the magnificent Golden Gate Headlands across the Golden Gate Bridge in Marin County would look like covered with houses, streets and stores.

Yet, unless the funds that Proposition One would authorize can be provided for purchase, this largely unspoiled countryside faces a scenic waterloo in the form of subdivisions and commercial development.

★ ★ ★

PERHAPS THE message that Californians for Beaches and Parks are trying to put across can best be summed up by a thought-provoking observation by Wallace Stegner, Stanford University's respected historian, author and educator. He notes:

"Something will have gone out of us as a people if we ever let the remaining wilderness be destroyed, if we permit the last virgin forests to be turned into comic books and plastic cigarette cases, if we drive the few remaining members of the wild species into zoos or to extinction, if we pollute the last clear air and dirty the last clean streams and push our paved roads through the last of the silence, so that never again will Americans be free in their own country from the noise, the exhausts, the stinks of human and automotive waste, and so that never again can we have the chance to see ourselves single, separate, vertical and individual in the world, part of the environment of trees and rocks and soil, brother to the other animals, part of the natural world and competent to belong in it."

To that, we can only say a fervent amen.

D.C. Isn't Rabid On Rapid Transit

Ron Bates

IT LOOKS like Daly City will get rapid transit but how rabid about rapid transit Daly City is remains to be seen.

The city council and officials of the Bay Area Rapid Transit District got together last week in the first of a series of discussions about the location of a terminal in the Knowles-Los Banos-Junipero Serra area.

If the first discussion is any indication, it looks like it will be a long series — but you can never tell. A lot of questions remain to be answered before the council gives the green light. The more rapid the answers come, the more rapidly rapid transit will come to Daly City.

The BARTD people are in a bind, insofar as the location of the station in Daly City is concerned. The nearest station to Daly City is now set for Ocean Avenue.

If Daly City says, "No, you can't build your station here," BARTD would have to move it across the San Francisco line putting it too near the Ocean Avenue terminal.

The Daly City location is attractive because of the freeways that converge near it.

NOW YOU WOULD think that any city would be rushing with open arms to welcome a $10-$12-million structure that would take the place of a number of old wood frame homes. But not so in Daly City and I think this is good.

At last week's session, Mayor Micheal DeBernardi summed up the fears of the council in one very dramatic sentence: "We don't want to become the dumping grounds for San Francisco's traffic problems."

The council appears to be anxious to work with BARTD, provided the transit people give Daly City some solutions for the problems that are bound to come.

Whenever councilmen asked, "what will Daly City get out of this?" the stock answer was "a dramatic change in land use surrounding the station."

In other words, it's anticipated that that property will skyrocket in value as high rise apartments, similar to Park Merced, and commercial enterprises, such as gas stations, are built.

THE COUNCILMEN did not seem satisfied with the answer because it is all dependent on private entrepreneurs who are not concerned with such things as special police protection. And, after all, those 1,100 parked commuters' cars would be tempting tidbits for car clouters and hubcap bandits.

Besides the possibility of theft, the cars will present a problem as they pour out of the parking lots onto city streets during the commuter rush.

Daly City gets some of that commuter traffic now but it stays on the major arteries and as long as it is kept moving, there's no problem.

WHEN COUNTY VOTERS turned down a $35-million bond issue for roads two years ago, they handed back to engineers a problem that never seems to have a solution.

The city is spending $500,000 for improvement of Knowles and Los Banos. It's estimated that by 1990 there will be 35,000 cars going each way on those two streets daily. Both Knowles and Los Banos will have to be widened to three lanes apiece.

All this work will go down the drain if BARTD does not come through with an overpass or underpass on Knowles, leading into the BARTD parking lot.

BARTD actually could go ahead and build the station but it wouldn't be any good without the co-operation of the city.

The plan presented by BARTD calls for the closing of several streets. The city has the power not to close those streets and if the city wanted to, it could close the streets leading to the station.

ONE OTHER THING that causes the city to hestitate is the creation of another autonomous body within its boundaries. The city fathers already have had it up to their neck with the Cow Palace.

The city forks out money for extra policemen to control the Cow Palace's traffic. The Cow Palace doesn't even want to be known that it is within Daly City.

I hope the BARTD people will have a better attitude.

Campfire Comments

Barbara Bladen

A COUPLE OF critics were sitting around the campfire the other night picking each other's columns apart and we came up with an interesting division of opinions. What is a critic's responsibility, where does it lie and how far should he go in being "honest" in his reporting.

A critic has only one responsibility and that is to his readers. The newspaper provides a service to its subscribers by informing them as to whether a show is worth their time and money. No critic writes a review to please the editor, publisher, director or actor.

It's impossible to be entirely objective about a production since an opinion is automatically subjective. But there are factors that should minimize that subjectivity.

A qualified critic knows the qualities of good theatre and showmanship. He knows what actors are capable of doing, whether that potential is developed and if a director has utilized his stage, author and actors to best advantage.

Costumes, lighting, sets, orchestra all figure heavily in that judgment set down by a critic. Anything else is personal and the degree to which the columnist carries his views is dependent on his personality.

THAT TAKES us to the divided opinions offered by Bay Area critics on our newest and already controversial Hyatt Music Theatre in Burlingame.

The building is a handsome addition to the Peninsula scene. There are shortcomings, which may or may not be corrected, such as no checkroom where coats can be left on warm nights, not enough free drinking fountains, no protection in the lobby from the cutting blast of wind when the front doors are opened, inadequate air conditioning and troublesome sound equipment.

As for the plastic glasses served in the bar, they did not go unnoticed but then I didn't think it significant enough for an opening night mention. Some people don't care what they drink from, and others do not even care if there is a bar or not.

The sore point with many, many theatregoers we've had calls from concerns the fifty-cents parking charge and traffic jam after the show. It's too bad the managers can't write that cost off to good public relations and provide free parking. It has something of the feeling of "making a fast buck" about it. Wouldn't it be better to keep the theatre filled and the patrons happy, than to pay off the parking lot costs in short time.

LAST, BUT DEFINITELY not least, is the disorganization at the box office. Patrons wanting to buy tickets are held up in a long line behind those arguing over seat locations. Every night, according to my reliable spies, there has been confusion at the ticket windows. This will kill the operation off faster than anything, including a bad show.

We want the Hyatt Music Theatre to enjoy a long and profitable life but we will expect top professionalism in their productions. Here again, the public, my readers, their audience, is a responsibility that must never be underestimated.

The producers of the Burlingame theatre must never forget that they are not giving the Peninsula anything we could not get elsewhere: San Francisco, San Carlos, San Jose, and Berkeley for instance. What they should strive to do is to give it better.

Peninsulans are certainly mistaken if they expect a "Broadway" production. There is a big difference between proscenium staged shows and musicals staged in "the round." This is something they will have to get used to; it's their thinking that will have to be changed.

Peninsula Panorama

The 4-Footed Gourmet Crowd

George Whitesell

FROM WHAT THIS department hears, there are quite a few cat and dog gourmets on this Peninsula.

Some pet owners have the distinct impression that their dogs or cats quite clearly understand the TV commercials for pet foods, or at the very least are getting subliminal effects from commercials that show animals happily devoted to some one kind of pet food.

If true, this is pretty upsetting because the competition for the cat and dog trade is very keen and the commercials are clever.

And it is distressing to think that when the dogs gather down at the corner a Cocker Spaniel may be asking a Boxer, "Are you still using that crumby puppy stuff?"

★ ★ ★

IT IS UNNERVING to think that faithful Bowser who sits drowsing by your side when you are watching the late, late show is really looking at the dog food commercials and drawing comparisons with his own dinner.

Or that the cat is going around and visiting neighbors who use the more heavily advertised brands of cat food.

It is bad enough to have the kids clamoring for the stuff pitched in the commercials without having the animal kingdom getting into the act.

This department really cannot buy this TV commercial theory about pets and is more inclined to think that it is pet owners who succumb to the video blandishments.

Pet owners are almost universally old "softies" and give in easily to the suggestion that Rover or Old Tom would like some of the stuff that the animals on the TV screen are so avidly consuming.

So they buy some of it and, 10 to 1, Rover licks his chops over a plate of it.

Old Tom may be a mite more particular and when a cat doesn't like what is offered he has a blunt way of telling you so. Chances are he will try to bury it.

The TV angle aside, however, the evidence tends to show that some of the Peninsula's pampered pooches and coddled cats are pretty snooty about what they will eat.

★ ★ ★

SOME CAT owners seem to take pride in telling you about a pet who seems to have utterly aristocratic tastes.

Grimalkin won't drink milk. She demands cream and is not to be palmed off with half-and-half unless it has an egg beaten up in it.

She sneers at "cat tuna" and demands the very best solid pack variety intended for human consumption. She disdains raw liver and wants it gently poached in sherry.

This is a gourmet cat and you can have it.

To this department's mind such a cat would be better off on a Spartan diet with an occasional chance at catching her own mouse.

We prefer a Puss who will rub lovingly against your trouser leg for any kind of a handout she can get.

Or a lively kitten that will go into a dance at the sight of a saucer of milk.

Tales of gourmet dogs who insist on Porterhouse and prime rib are harder to believe although waiters hear a lot of them when they bring out the "doggy bags."

★ ★ ★

OLDER DOGS understandably get a bit choosy about what they eat, but pups and young dogs can and will eat almost anything including the living room drapes, the lapels of your new overcoat, and your hunting boots.

We heard about an Irish Setter who was given his dinner on a plastic plate. He not only ate the dinner, but also chewed up the plate with great relish.

We also knew of a tiny, toy Pomeranian with delusions of grandeur who tried to eat an automobile and did succeed in chewing the tread off one of the tires.

But a dog who turns up his nose at food is either not hungry (a most unusual circumstance) or he is kidding. In the latter case he probably has a decidedly racy old bone stashed away somewhere.

It is likely that the prepared dog foods and cat foods are more healthy for pets than table scraps.

But if pets are really on the ball they know all about that great unwritten law: "Anything that falls on the floor is legally ours."

Letters to the Editor

TO THE EDITOR: Recently you devoted a sports column in your paper to a scathing denunciation of Karate. On this subject I can only say amen.

In reporting on this, you left, I hope inadvertently, a very bad impression of other groups. The one I have reference to in particular is Judo.

This year for the first time, the Amateur Athletic Union (AAU) has recognized Judo as a sport and the United States as well as other nations will field Judo teams at the Olympics in Tokyo.

I feel that your article was fine as far as it went but how about a word of praise for the Judo academies that do so much for our American physical fitness programs.

If you could get a copy of "Official AAU-JBBF Judo Handbook" and read the article entitled "Why Your Boy or Girl Should Study Judo" and "The Philosophy of Judo," you couldn't help but heap praise on the Judo instructors and students.

Just once, go to the San Francisco Judo Institute and talk to the head instructor, Mits Kimura.

If our students in public schools had the respect and admiration for their teachers that the students at the Judo Institute show their instructors, we wouldn't be having the trouble on our streets and homes.

Mrs. Charles T. Newby
17 Huntington Drive,
Daly City.

TO THE EDITOR: We the members of the Fernando Rivera P-TA board, our principal, and all parents of the school wish to express our appreciation to Councilman Albert Polansky and Daly City Police Officers James Welch and Dave Johnstone for helping to station a crossing guard on duty at Alemany and Lake Merced Boulevard for the safety of our children.

Upon being called about the above hazard, plus the crosswalk at Glenwood and Eastgate, they were instrumental in arranging for a traffic study committee to check the intersection to see what further steps can be taken to assure the safety of our children.

Mrs. Murray H. Freedman,
Fernando Rivera P-TA.

Personal interviews with each applicant were held by Aronson, and Paris B. Simmons, faculty sponsor of the Rally Boys.

Those receiving appointment in the eighth grade are: Sandy Rabinowitch, Steven Powell, Shel Klein, Randy DeMattei, Bill Brown, Bob Williams, Mike Casey, Jim Torlakson, Doug Isla, David Martinelli, Jerry Belsha and Paul Bromley.

Sandy Rabinowitch was elected captain and Shel Klein, lieutenant.

In the seventh grade appointments went to: Jim Esposto, Phillip Robb, Gary D'Acquisto, David Goldman, Don Drury, Richard Giusti, Stan Levin, Rick Lewkowitz, Robert O'Neil, Scott Swanson, David Vasquez, and Larry Barbata.

Appointed temporary lieutenants were: Jim Esposto, and Phillip Robb.

Hi Fi Teen Membership Bid to End

The Hi Fi Teen Club, sponsored by the Daly City Recreation Department, will complete its initial membership drive Saturday with a recreation night and record dance at the War Memorial Communiy Center.

The program will last from 7:30 to 10 p.m.

Admission for the evening will be 15 cents and one of three means of identification—a new teen club card, a membership application or proof of age and Daly City residence.

After Saturday's program, no one will be admitted to the Hi Fi Teen Club's acivities without a membership card.

According to Youth Supervisor Alan Boyd, membership is open to all high school age students attending Jefferson High School or living in Daly City, east of Junipero Serra Boulevard.

Applications are available at teen club meetings or at the Recreation Department office. A one-dollar membership fee and a recent small picture is necessary, Boyd said.

The club plans to meet every Saturday with programs alternating each night between a monthly band dance, two recreation night-record dances and one special event.

Member Drive Cutoff Nears

The second and last night of membership drive for three of the Junior Teen Clubs sponsored by the Daly City Recreation Department will be held Friday night.

The Casualiers, Imperials, and Majestics will meet from 7-9 p.m. at the Jefferson Elementary School, War Memorial Community Center and Lincoln Park Clubhouse respectively.

Membership in these clubs, according to youth supervisor Alan Boyd, is open to any junior high school student (grades seven and eight) who live east of Junipero Serra Boulevard in Daly City or Colma. Membership applications are available at Colma Intermediate School.

Interested youngsters should bring the completed application, 75 cents membership fee and a recent picture to the meeting. A 10 cent charge for admission will be made to all those attending.

All youngsters who join during the initial membership drive will be entitled to go on the big joint rollerskating party on November 11. The only charge will be 40 cents for bus transportation and insurance. Skating and skate rental will be free.

Westmoor Whirl

By SUE SHERMAN

WE DON'T need to mimic Cassius Clay's faous line, "We is the Greatest!" All we have to do is bring more new teachers to Westmoor High School.

At least this is the thought 11 new teachers at the hilltop school this semester have in common. The atmosphere, they echo, is one of the friendliest they have ever encountered.

Among the new teachers are DUANE ASHLAND, GAYLORE TYAU, THERESA SCHMECHEL, SHARLEEN MAHALI, MARGARET BECKER, GARRETT KELLARD, JOSEPH HUBACHECK, ROBERT BRANCH, RICHARD CONNORS, MRS. PATRICIA STON, SHIRLEY OLIVER and LORJAINE STODDARD. Mrs. Stone is a recent bride and Miss Stoddard student taught here last year.

"BUENOS DIAS'. Como Estan Todos? Muy bien, gracias. Que Tal?

No, this isn't a conversation taking place in Spain, it's a scene at the new Westmoor language laboratory, where English is verbotten during classes. It's used primarily by the language department.

Equipped with an electric console at the teacher's desk, the room also provides a station at each pupil's desk. Each individual desk has a head set and a microphone. In 20-minute sessions several times a week, the students hear tapes of reinforcing material they have already learned.

The teacher can tune in any student by dailing the control center on his desk. He is able to listen to each student separately and can help each pupil individually and not hold up the entire class.

Purpose of the language lab is to teach correct usage through practice, repetition and imitation. Ain't technology grand?

Terra Nova Topics

By LOU ANN ANDRE

BEAT THE drums, wave the banners and march along with Terra Nova's first majorettes, LINDA RIST, senior, SUE BURDETTE, junior, and JOANNE COCKING, freshman. They were chosen by the student body from the 12 girls in competition.

Students eagerly gathered last Friday morning for their first indoor rally. Dr. Harold Tonini addressed the students before the entertainment began.

Both the spirit staff and student body members supplied amusement. The varsity cheerleaders, GAYLE JONES (head), PAM RICHARDSON, BARBARA SAID, PAT HENERY and NANCY CADERIO showed spunk and enthusiasm as the classes yelled out in competition.

★ ★ ★

"HAIL TO Terra Nova Tigers"! This is the title of Terra Nova's newest song, which was introduced Friday. The words were written by J. W. KNIGHTON, and the music was supplied by the Terra Nova Band.

BEVERLY PUDERER is to be congratulated on her performance. She sang "A Thousand Stars" while being accompanied by BERNIE PUDERER on the guitar, and the students applauded for more.

Terra Nova's first and only away football game turned out to be a success insofar as attendance. Over four buses were filled with students who attended the game against Sonoma High.

AT EL CAMINO

Youthful Principal Meets a Challenge

By VERA MARCUS

GIVE A YOUNGSTER a challenge! He'll meet it, and he may surprise you.

This is the belief of Robert Keropian, 34-year-old principal of El Camino High School in South San Francisco.

Keropian, slight, dark-eyed, intense and full of delight with life in general, knows what he's talking about. He's been adding challenge to challenge at his three-year-old school, and he says the kids meet them all.

El Camino already has drawn statewide attention for new programs Keropian has instituted.

Typical of these, and of Keropian's challenge to youth, is his advanced placement honors program under which bright students are taking, at El Camino, college courses for college credit in English, history, science and mathematics—with a chemistry course to be added.

NOBODY GETS bored in Keropian's school, not the students (dropout percentage there is second lowest in the county), not the teachers, and certainly not Keropian.

Under this young man's virile planning, El Camino is finding some pretty good ways. Among them: the health program conducted with Children's Hospital on Muscular development in youth (he's found out 76 per cent of entering freshmen have weak backs!); his flexible curriculum, offering two-hour laboratory periods; the choice of six or seven subject loads for students, according to their abilities; his daily group counseling periods for all students.

"Our standards are high," Keropian agrees, "but we like the kids to extend themselves."

He sees that all students and all parents know what those standards are and know his stand on self-discipline when they enter.

Said an acquaintance, "He's a real nice guy who can enunciate with the best of 'em and talk with the worst of 'em and get respect from them all. Everybody likes him."

The man's faith in youth is unshakable.

"Kids today are far better than I was," Keropian insists.

"They are more intelligent, more mature, extend themselves more, can handle more responsibility, are more sensitive to the world, more aware of others, and more understanding."

WITH THIS KIND of faith in them, his students charge ahead. A survey recently completed indicates that a whopping 67 per cent of the spring graduating class planned to go to college this fall.

Sugar 'n' Spice

By Nell Norton

THE PRODUCE departments of the markets are just bulging, literally bulging, with apples. Bin after bin of Golden Delicious, Red Delicious, Pippin and other varieties greet the eye. And with the large amount of apples coming in, the prices are delightfully low. All of which makes apples a good subject today.

Of course, the best way to eat an apple is raw. For it's low in calories, easy to handle and just naturally is delicious. But most of us like to add this and that to apples to make them into a truly wonderful dessert — such as this apple pie.

APPLE PIE

6 apples
1 cup sugar
¼ teaspoon salt
2 Tbsp. flour
1 Tbs. butter

Pare and slice apples. Sift dry ingredients together and mix with apples. Line pie pan with pastry and pour in the apple mixture. Dot with butter and cover with top crust. Bake in very hot oven (450-degrees) for 15 minutes and then reduce to moderate (350 degrees); continue to bake for 45 minutes.

☆ ☆ ☆

THIS IS a basic apple pie recipe. You will note that there are no spices added and no lemon — so that in this pie you will enjoy the flavor of apples alone. If you like a spicy apple pie, do try this next pie.

CRUMBLY TOP APPLE PIE

4 cups apples, sliced thin
¾ teas. cinnamon
¼ cup sugar
⅛ teas. salt

Mix the sugar, salt, cinnamon and apples and arrange in an unbaked pie shell.

¾ cup firmly packed brown sugar
¾ cup sifted flour
1/3 cup butter

Blend the sugar and flour and cut in the butter until the mixture is crumbly. Sprinkle over apples. Bake in 400-degree oven for 30 to 35 minutes. Or until apples are tender.

☆ ☆ ☆

LAST, BUT not least, I'll offer you the recipe for a cake that I have made for years and it is always a favorite. For this you can make your applesauce ahead and cool it, then use it in the cake. Remember, it calls for unsweetened applesauce. So, if you are making applesauce for your family, be sure to set aside 1½ cups without sugar.

APPLESAUCE CAKE

2 cups sifted cake flour
1½ teas. soda
1½ cups sugar
1½ teas. soda
2 Tbsp. cocoa
1½ teas. salt
1½ cup shortening
1½ cups unsweetened applesauce
2 eggs, unbeaten
1½ cup raisins, chopped
¾ cup nuts, chopped

TOPPING

¼ cup nuts, chopped
2 Tbsp. sugar

"DENTAL HEALTH FACTS"

Don't neglect care of baby teeth just because they are eventually replaced. Neglected baby teeth can cause children much harm. Due to this neglect children may not eat many of the nourishing foods they need for proper growth. Neglected baby teeth may have to come out too soon. When a baby tooth comes out too soon, the teeth on both sides of the empty space have time to fill the gap: This crowds the incoming permanent tooth out of its proper place in the mouth.

In Northern California Dr. Campbell limits his practice to the making of dental plates, partial plates, removable bridges and extractions for same; however, he recommends that you see your dentist at least twice a year ,in order to help prolong the use of your natural teeth as even the beautiful modern dentures are not as efficient as healthy, natural teeth.

Three U. S. Presidents:

cleared the tracks nationally for railroad peace — Let's complete the job in California!

PROPOSITION 17 makes it possible for California to put into effect the national transportation settlements—worked out by Congress and Presidents Eisenhower, Kennedy and Johnson—which eliminate wasteful featherbedding in the railroad industry under terms that insure maximum job protection, yet retain two men in the cab of all trains.

- These settlements are now in effect in most states—but not in California because of a conflicting "horse and buggy days" law which Proposition 17 repeals.

To keep California competitive—
To help keep freight rates down—

THE "BEFORE NEED PLAN"
The ownership of Memorial property, purchased in advance of the actual need, does not shorten life by even a moment, but tends to prolong life through the sense of peace which comes to one's consciousness of a duty well done.

"You will never know what a satisfaction I felt in not having to make arrangements after my husband passed on. Your BEFORE NEED program should be more widely advertised."

.The above was expressed voluntarily.)

"BEFORE NEED ARRANGEMENTS" can be made on a time payment basis to suit your convenience without interest or carrying charges.

It's New CORNING WARE **BUFFET SERVERS**

FREEZE • COOK • SERVE

Each CORNING WARE Buffet Server Dish does three jobs! Freeze in it, cook in it, serve in it. CORNING WARE Buffet Server Dishes are made to withstand temperature extremes . . . from the coldest of the freezer to the hottest heat of the range-top unit, broiler, or oven. However, medium to low heats are best for range-op use, and 25° F. lower oven settings are best for casseroles made of non-reflective materials such as PYROCERAM® Brand Glass Ceramic.

Use the same Buffet Server Dish in the freezer, and then take it to the range, broiler, or oven, and graciously serve at your table.

Nurse Wins Contest for New Readers

A 23-year-old San Mateo nurse whose parents have taken The San Mateo Times, parent publication of The Post, for 28 years has been declared the 35,000th subscriber, General Manager Harold Schlotthauer has announced.

Carolyn Kavka, 420 North Bayshore Boulevard, placed the order for The Times that made her the 35,000th subscriber, establishing a new circulation high.

Miss Kavka, a registered nurse at Peninsula Hospital, was awarded a weekend for two in Las Vegas, along with $50 cash, for being "No. 35,000" in The Times family of readers. Managing Editor George Whitesell made the presentation.

She had just moved into her new apartment last week and soon after was asked by a Times carrier if she wouldn't like to receive the daily paper.

"I really intended to start the paper when I moved in, but had not gotten around to it," the young nurse said. "When the carrier boy stopped by the apartments I told him to go ahead and start it."

Actually, she was only without her Times for a little more than a week. Prior to moving in her new apartment, Miss Kavka had lived with her parents, Mr. and Mrs. Lynn S. Kavka, at 657 San Mateo Avenue in San Bruno.

Her father operates a print shop in San Bruno and the couple has taken The Times for 28 years. In fact, the family's history as Times readers goes back even further, since Mrs. Kavka spent her childhood years in Burlingame and her parents took the paper at that time. "I can't remember when I haven't been a Times reader," Mrs. Kavka said.

Miss Kavka expressed delight at being The Times' 35,000th subscriber. "It's the first time I've ever really won anything," she exclaimed. "I'm very happy."

The 35,000th Subscriber

MANAGING EDITOR George Whitesell of The San Mateo Times, parent publication of The Post, presents Carolyn Kavka of San Mateo with a check for $50 and tickets for a Las Vegas weekend as her prizes for being declared the 35,000th subscriber to The Times. The 35,000 figure is a new all-time circulation high for the daily. Miss Kavka had resided in San Mateo only a week when she entered her new subscription. Her parents, Mr. and Mrs. Lynn Kavka of San Bruno, have been Times subscribers for the past 28 years. (Post-Times Photo)

Coincidentally, Miss Kavka had just recently returned from a vacation holiday in Hawaii, so the weekend for two in Las Vegas will probably go to her parents.

For his role in helping The Times attain "No. 35,000" subscriber in the person of Miss Kavka, carrier boy Roy Drury, 13, will receive a free trip to Disneyland next month, Circulation Manager Frank Hoffmann announced.

Roy is the son of Mr. and Mrs. Roy A. Drury, 1514 Trollman, San Mateo.

WESTLAKE SPECIAL PATROL Officer Rod St. Clair, right, casts a solicitous eye on a live "money tree" that will be given away by Westlake Shopping Center merchants at 4 p.m. Saturday in the center's mall. St. Clair will be responsible for the security of the tree, which will bear $250 in real money. Loading the tree at a nursery is Marvin Kenepp of the Westlake Service Department.

A $$ Tree Is 'Planted'

A living money tree, bearing 250 one dollar bills, has been "planted" in the Westlake Shopping Center.

The tree will be given away by merchants at a drawing to be held at 4 Saturday afternoon at a carousel booth in the center's mall.

Free money tree coupons will be found in this issue of The Post-Times. They may be deposited in a drum located at the carousel. Participants must be at least 18 years old and need not be present at the drawing to win.

The money tree will be on display each day from noon to 5 p.m. It will be guarded by Westlake Special Patrol Officer Rod St. Clair.

In addition to the money tree drawing, each center merchant will sponsor a drawing of his own for a raft of prizes and merchandise awards.

The drawings will be held in each store at 7:30 p.m. Friday. Coupons for these drawings also will be found in today's Post-Times and may be deposited at the individual stores.

Olympic Ad Rules Set by Committee

This fall, the bureau has a specialized inquiry—"What the suppliers to the United States Olympic Committee can do regarding identification of their contribution through advertising and-or display."

The United States Olympic Committee accepts donations of apparel, equipment and other items for use by members of the United States Pan-American and Olympic Teams.

Such suppliers are permitted to identify their contributions through advertising and-or display, subject to these following conditions:

1. **All advertising** and-or display material that relates to identification with the United States Olympic Committee headquarters at Olympic House, 57 Park Avenue, New York City.

A. Use statements such as "selected by the United States Olympic Committee" or "supplied to the United States Olympic Committee" or "contributed to the United States Olympic Team," etc.

B. **Use the** United States Olympic Committee symbol. No other United States Olympic Committee device, such as the official team emblem or the five Olympic interlocking rings, may be used without first obtaining permission from the United States Olympic Committee.

C. **Hang tags** or labels may be used with items only if the conditions listed in A and B are followed strictly.

The suppliers to the United States Olympic Committee may not use:

1. **The word** "official" in connection with the item advertised, displayed, or identified with the United States Olympic Committee.

2. **The word** "Olympic" as the name of the product or item advertised or identified with the United States Olympic Committee. For example, a coat, hat, etc., may not be termed the Olympic coat, hat, etc.

Political Notes

GEORGE MURPHY, candidate for U.S. senator, will be in the Westlake Shopping Center Mall, tomorrow, it was announced by the Murphy-for-Senator Committee.

Residents will be given an opportunity to discuss issues of the campaign with the candidate, officials said.

THE REPUBLICAN County Central Committee has announced the opening of a Daly City-Colma regional headquarters in the Medical Building of the Westlake Shopping Center.

A reception will be held Saturday afternoon.

FRED HADLEY of 8 Coronado Drive has been named chairman of Senior Citizens for Salinger in Daly City. Hadley has been active in the Democratic Party since 1932 when he was a delegate to the national convention.

He was also associated with Senator Hubert Humphrey as head of the first public housing project in Minneapolis when Humphrey was mayor.

DALY CITY high school and college students, under the direction of Mrs. Joseph Gallegos and Mrs. Christine Pack, will be doing volunteer work for the Democratic Party.

Committee heads for the newly formed Daly City Demo-Teens are: John DeMarco, outside promotion; Ron Murphy, posters; Yvonne Pack and Shirley Murphy, headquarters; Anna Gutierrez and Cathy Coffaro, phones; Charlotte Langenegger and Kim Nobels, social.

Under the direction of Jefferson High School teacher Rudie Tretten, the teens will distribute political literature.

Democrats Boost N. County Registration

A last-month drive by Democrats before the registration deadline September 10 gave them a preponderant registration lead over Republicans in the North County and a slight lead in the South County.

Figures released by County Clerk John Bruning revealed that 55.5 per cent or 138,943, of the county's record 250,136 voters registered as Democrats. This compares with the Republican county total of 102,881 or 41.1 per cent.

In the North County, Democrats lead Republicans in registration, 73,816 to 38,136. The South County went to the Democrats 65,117 to 64,745.

North County cities' totals were:

Dale City — 18,001 Democrats, 7,483 Republicans, four Prohibition, one Constitution, two Progressive, three Socialist, four Socialist Labor and 637 undeclared.

Colma — 137 Democratic, 73 Republican, and seven undeclared.

Pacficia — 8,026 Democratic, 2,919 Republican, three Prohibition, one Constitution and 317 undeclared.

South San Francisco — 12,983 Democratic, 4,194 Republican, and 446 undeclared.

Caravan Inn Has "Paris Art" in Mountain View

BRIGHT LIGHTS recently reported that **Betty Sedam**, general manager of the popular Mountain View **Caravan Inn**, was on the "scout" for something different in night club entertainment. Well, that day arrived (and so did the act) last Monday afternoon when Yours Truly, at the invitation of Miss Sedam, preview the first performance of **"Judette the Nudette,"** who, incidentally, appears at intervals during the cocktail hours (5 p.m. to 8 p.m.), Monday through Friday. Expecting to see either a topless, bottomless, swim, or twist Miss performing in mad fashion, I couldn't have been more wrong. At exactly 5:15 p.m., a beautiful blonde draped in yards of flimsy black chiffon made a grand entrance, via the garden side of the Kismet Lounge, looking as if she had just stepped out of the "Garden of Eden." The only thing seemingly missing was the well-known snake and apple. "Judette" slowly stepped on stage, which is backdropped with a waterfall and other outdoor effects, and posed as gracefully as a Paris art model should. A young gent, who was to sketch "Judette" in the nude (well, almost) from three formful angles, artfully arranged her thin-as-paper coverings and proceeded to sketch the curvaceous subject. "Judette" appears on stage for a "fast" 20 minutes, never moving from a set position. Somewhere along the line, Miss Sedam acquired a musical score for background music that started out in a "Clair de Lune" mood and built up to a chariot race climax a la Ben Hur. At the conclusion of the show, "Judette" takes a 15-minute "coffee break." departing via the Caravan Inn's garden entrance. If guests happen to be strolling in the area of the pool at this time, they're sure to do a double take as the semi-nude nymph heads for her "dressing room." This is quite a show! Different, to say the least! Never have I seen so many businessmen in one lounge not discussing business. In fact, conversation during the performance and minutes afterward was at a low ebb. Even the "thoughtful" ones let their pipes go out—never bothering to "fire up." Yes, dear readers, Betty Sedam has come up with a super cocktail lounge attraction in "Judette the Nudette." You can bet there will be just as many curious female viewers in the audience as there are "cool" males during "Judette's" engagement at the Caravan Inn.

JOHN GARY, hailed by show business pundits as the most promising new singer to come along in years, is a brilliant, multifaceted talent with a remarkable three-octave range and a fascinating diversity of personal and professional interests. John's vocal ability has caused the entertainment world to sit up and take notice. Also caused RCA Victor to launch an unprecedented all-out campaign for his first LP, "Catch a Rising Star." His every note is pure and strong. His delivery is relaxed, smooth and sure and his sound is, in a word, great! Don't miss John Gary's performance at **Paul Catalana's** San Jose **Safari Room** October 9 through October 22 . . . Chef **Primo Pichetti** has been at the **New Tivoli** kitchen helm for the past 20 years proving to his dining room "audience" that he is a master at preparing *Veal Scallopini. Pichetti is well known for his Italian and Continental dinners.*

NICK AND LORRAINE GUST, busy host-owners of **Nick's** and **The Turtle** in Pacifica, are going all-out to give their customers the best in food, entertainment and drink. Their two restaurants are as inviting as a Sunday afternoon spin in a new car. Enjoyed a delicious "Turf and Surf" dinner at the new Turtle, last weekend, and what a feast it was! Consisted of choice filet steak and Australian lobster tail served with soup, salad, dessert and coffe. Needless to say, the soup served was genuine turtle . . . Definition of the **Morocco Room's** entertainment feature, the **Beau Brummels**, is easy to remember—"They sing, they dance and they're good!" Go see for yourselves . . . Late Sunday morning sleepers are in for a brunch treat at the **Blue Peacock**, one of Millbrae's finest restaurants. Luncheon and dinner also served daily . . . Special note to theater goers: The **Brentwood Lodge** restaurant section is not open on Monday evenings. However, after-the-show cocktails are available.

Children No Problem to Keith

Say, mom and pop, do you know that **Keith Williamson** has a deliciously-inviting menu for the little Master and Misses "household junior executives" at his Burlingame **Chicken and Steak House?** A complete child's dinner starts at one dollar. There is also a table spread for toddlers. In fact, bring the baby-in-arms, too, cause Keith has a large supply of canned baby food for your convenience.

From Disneyland To Lake Tahoe Like a Breeze

Vince Licata moves faster than "Maverick's" gun draw. Friday night, Vince took his daughter to Disneyland, came back on Saturday, then he and his lovely Mrs., along with another couple, headed for Lake Tahoe (South Shore) to enjoy the Liberace show, and a few games of Keno at **Barney's.**

Meanwhile, back at Vince's "store," seafood, Italian food and steaks (minus the baked potato) are being served as usual.

Greyhound Bus passengers to **Barney's Casino** in Lake Tahoe (South Shore), Nevada are in for an added treat during the morning ride. The bus now goes to San Francisco and Oakland, then direct to the club. A much shorter ride for anxious fun seekers.

Overheard by **Enrico Romano** at his Pacifica Italian restaurant: "I told my wife that I don't care if she wants to be the president of the United States, just as long as I can be the speaker of the house."

Those who like banjo music and pizza (and who doesn't?) are in for a taste and musical treat when visiting **Me-n-Ed's** located in the Pacific Heights Plaza. **The Varsity Boys Banjo Band** rocks the audience with top drawer entertainment. This is one of the newest locations for pizza "distribution" and a most elegant one.

Bruno Scatena celebrates 8th anniversary party, Oct. 15th, at Joe's of Westlake in Daly City.

Sheraton Villa Plans Pre-Theater Buffet

The dilemma of where to dine quickly, yet well, and still make the 8:30 curtain at the new Circle Star Theater in San Carlos for "My Fair Lady" is answered by the elegant new pre-theater buffet dinner served at the **Sheraton-Villa Hotel** regularly.

Served every night from 5:30 to 8:30 for **$3.50** in the plush French Room, the lavish buffet will feature prime ribs of beef every night, along with special dishes from the wonderful world of France. The hotel is conveniently located only six minutes away from the magnificent $3 million theater, where Jane Powell is starring in the premiere performance.

Jovial Maitre d' **Walter** and the entire staff of the cocktail lounge and French Room have been alerted to insure that "My Fair Lady" is not kept waiting, while still maintaining the high standards of culinary excellence and service at the inn. "Get me to the show on time!" will be the Sheraton-Villa dining room theme.

Martinelli's Steak Pit Debuts in Millbrae

FRANK MARTINELLI has to be one of the most energetic restaurant men I have ever met—and that goes back few years, give and take. Frank's latest, and what could be his greatest, venture is taking over the former A. Sabella's restaurant in Millbrae and converting it into another of his popular "Steak Pits." With Frank's enthusiasm and ability to work 26 hours in a 24-hour day, this new restaurant, which opened to the public last Wednesday, is destined for success. . . . **Exotica** is back with her sexciting dancing at the **Moulin Rouge** after taking time out for a Las Vegas vacation. . . . **Ahmad Jamal**, the nation's number one jazz pianist, opens a three-week engagement Wednesday eve at the plush new **Basin Street West** on SF's Broadway. Jamal's albums and records on Argo are the best selling of any jazz pianist. **Eddie Cano Quartet** and **Hampton Hawes Trio** close on Tuesday eve at **BSW.** . . . Catch **Gwen Dolyn** doing the "Swim" dance at the **Galaxie**—swimsational! Many say Gwen's the best "Swimmer" in San Francisco!

F. Martinelli

The Southern restaurant has some 1906 San Francisco Earthquake pictures hanging in the lobby that will give you a "jolt" and make any table wait here very interesting.

Westlake folks are justifiably proud of **Bruno Scatena's Joe's of Westlake** restaurant. Food, service and surroundings are first class.

Rep. Younger Nominates 17 For Services

Congressman J. Arthur Younger yesterday nominated 17 North County young men to take the preliminary Civil Service examination for the United States service academies. The examination will be given October 31 in Redwood City at a location to be announced.

This year Congressman Younger will have two appointments to the United States Air Force Academy at Colorado Springs; one to the Naval Academy at Annapolis; three to West Point, the U.S. Army Academy, and he may nominate 10 boys to compete in the statewide 29 appointments to the Merchant Marine Academy at Kings Point, N.Y.

Congressman Younger announced that he will follow the same policy which he has maintained for the past 12 years which calls for the nomination of those who score the highest in the examination.

The boys nominated by Congressman Younger to take the test given by the Civil Service are:

Daly City—Ronald T. Baker, 844 Beechwood Drive; Charles R. Bussey, 36 Crestview Avenue; John T. Ednoff, 56 Belmont; Frank B. Gallegos, 401 E Street; Charles J. The Pacifica Chamber of Commerce's continuing membership drive added 11 new names to the chamber's roster last week.

Membership now exceeds 125 and is expected to reach 135 by the end of this month, according to chamber manager Basil Gladieux.

These new members were announced by Gladieux:

Grant Company; Jerry Terrio of Jerry's Texaco; Bob Sale of Linda Mar Cleaners; Lou Naninni of Lou's Flying A; Henry Lowney, attorney; Ralph Abrahamian of Ralph's Chevron; James Telegan of Telegan's Realty and Larry Shulman of the Edgemar Restaurant.

Jaycees Plan Open Meeting

The Pacifica Junior Chamber of Commerce will conduct an open dinner meeting at 8 p.m. next Wednesday at the Sea Bowl to discuss how a set of new by-laws adopted by Mary's Help Hospital will affect Pacificans when the hospital's new building in Daly City opens next year.

Dr. Lionel Pereyra, chairman of the public relations committee of the California Academy of General Practitioners, will speak. Officials of the San Mateo County Medical Association have been invited to attend.

Reservations may be made with Stan Farber at 355-4135.

Two Injured In Accidents

Two persons were injured in two traffic accidents in Daly City over the weekend, police report.

Dennis Ellis Richards, 18, of San Rafael suffered lacerations when he lost control of his auto about 12:45 a.m. Sunday and it jumped a curb, knocked down two trees and ran against a house occupied by R. A. Finchum at 731-A Crocker Avenue, Daly City.

He was treated at Kaiser Foundation Hospital in South San Francisco.

In the other accident, Robert Fisher, 17, 254 Del Prado Drive, Daly City, was injured when his motorcycle and an auto driven by Howard E. Wilkinson, 42, of San Francisco, collided at Mission and Evergreen Streets about 11:20 a.m. Saturday.

He was taken to St. Luke's Hospital in San Francisco.

Thieves Take $140 From Bar

Thieves broke into the Silver Moon Bar at 212 School Street in Daly City last week and stole $140 in change from a cash register and pinball and vending machines.

Police said the thieves pried open a window to enter the building.

CHANGE STOLEN

Barbata's Shell Station at 493 Eastmoor Avenue, Daly City, reported to police over the weekend that $20 in change had been stolen.

S.S.F. Boy Scout Receives Honor

The God and Country Badge, the most prized badge a Boy Scout may earn, was awarded to Keith Moore, son of Mr. and Mrs. Jack Moore, and Steven Humber, son of Mr. and Mrs. Hal Humber by Rev. Gilbert H. Vieira at the Buri Buri Methodist Chureh, South San Francisco.

District Executive Bob Hatton introduced Keith, an Eagle Scout and a junior at El Camino High School, and Steven, a Life Scout and a sophomore, to the congregation during a recent Sunday service.

Hatton explained what this award means and what requirements the boys met. The God and Country Award involves a full year's program, divided into four areas of study and service; Christian Faith, Christian Witness, Christian World Outreach, and Christian Citizenship.

Assignments are given covering Bible reading and personal prayer, study of the church's sacraments and worship, the local organization and program, the life of the church beyond the local parish, including its national and world agencies and mission ministry. Assignments also include study of community problems and efforts of the church to meet them.

An important aspect of the year's work is the actual service performed in the parish; disciplined church attendance, ushering, garden work, property maintenance and office assistance. The assignments are carried to through conversations with the minister, reading with examinations, written reports, interviews with church and community leaders, planning religious observances and visiting community agencies.

Mothers of Keith and Steve, Mrs. Jack Moore and Mrs. Hal Humber were presented with silver miniatures of the award. Fellow Scouts of Troop 179 joined in congratulating Steve and Keith.

Driver Hurt In Collision

One driver was injured in a two-car collision at School and Mission Streets in Daly City about 7:30 Thursday morning.

The driver, Elvio O. Colombana, 26, of San Francisco, suffered back and neck injuries. He was taken to Kaiser Foundation Hospital in South San Francisco.

Police identified the driver of the other auto as Mathew Kenny, 43, of 1229 Crestwood Drive, South San Francisco.

8 Lives to Go for Cat

Freeway construction in Daly City almost claimed a life last week—that of a cat.

The animal, which just might have been doing a bit of sidewalk superintending, either fell or crawled into a 15-foot deep hole excavated for a girder near the Serra Theater.

Daly City Fireman Robert Barbara shinnied down a ladder placed in the hole and rescued the cat. It was a tight squeeze, he said, because the space in which he had to maneuver was only about 30 inches wide.

Pacifica Sets Teen Dance

The Pacifica Recreation Department will sponsor a dance Saturday night.

Only teen-agers between the ages of 14 and 18 living or attending high school in Pacifica may attend and must show identification at the door.

Fee for the dance is 75 cents. Guest cards may be purchased from the Recreation Department in the Pacifica City Hall.

S.M. Agrees With Pacifica Sanchez Idea

The San Mateo County Parks and Recreation Commission has reacted favorably to a suggestion from the Pacifica Chamber of Commerce that the Sanchez Adobe monument be used as the location for certain types of exhibits and festivals.

The Chamber, in a letter to the commission, pointed out that a fuchsia and arts festival held at the monument in September was highly successful and suggested that the historical building be used for more events of this type.

In its reply, the commission said it concurred with the suggestion. It added that a plan for landscaping the Sanchez Adobe was being studied and took under consideration a chamber suggestion that fuchsias be used in the landscaping.

WINDOWS BROKEN

Gus Erpen of San Francisco reported to Daly City police last week that vandals had broken 16 windows in two houses under construction at St. Francis Boulevard and Clarinada Avenue.

It's beautiful enough for a party dessert, easy enough for family dinners, and delicious enough for any occasion.

GLAZED CHEESE PUDDING PIE

4 packages (3 oz. each) cream cheese, softened
1 teaspoon vanilla
2 tablespoons sugar
1 package (3¾ oz.) lemon instant pudding
1 baked 9-inch pie crust, cooled
1 package (3 oz.) orange-pineapple flavor gelatin
2 tablespoons sugar
Dash of salt
1 cup boiling water
¼ cup cold water
1 package (12 oz.) mixed fruit

Thoroughly blend milk into cream cheese. Add vanilla and tablespoons sugar. Beat thoroughly. Addinstant pudding mix. Beat with rotary beater 1 minute. Pour into pie crust. Chill until firm.

Meanwhile, dissolve gelatin, 2 tablespoons sugar, and the salt in boiling water. Stir in cold water. Add block of fruit. Stir gently until fruit thaws and separates. Spoon over mixture in pie shell. Chill until set—at least 1 hour. Makes 8 servings.

Top-Notch Fruit Bread

Tempt your family with this:

MOCHA DATE LOAF

2 cups sifted all-purpose flour
2 teaspoons baking powder
1 teaspoon salt
½ teaspoon cinnamon
¼ teaspoon mace
1 cup diced dates
½ cup semi-sweet chocolate bits, chopped
½ cup shortening
1 cup honey
3 eggs
1 tablespoon instant dry coffee
½ cup milk

Makes 1 loaf.

1. Grease botto mof 9 x 5 x 3-inch loaf pan. Line with wax paper, then grease paper.
2. Measure sifted flour, remove ½ cup. Mix lightly into prepared dates and chopped chocolate.
3. Sift balance of flour with baking powder, salt and spices.
4. Cream shortening, gradually adding honey. When creamed add one egg at a time, beating well after each addition. Combine dry coffee and milk. Add sifted dry ingredients to creamed mixture alternately with milk. Fold in floured dates. Spoon into prepared loaf pan. Bake at 325 degrees (slow) 60 to 75 minutes or until tester inserted in center of loaf comes out dry and clean. Cool in pan five minutes, remove from pan. Cool thoroughly before slicing or storing.

Speedy Note: Blender chops chocolate bits instantly.

Cheese as Old As Man Himself

The origin of cheese goes back to man's earliest history, and this wholesome food has earned its place at our tables by its delicious flavor and versatiltiy. To be a wise cheese buyer, first you must learn to know different kinds of cheese. Processed American cheese is a blend of two or more kinds of natural cheeses. What is often called "American' cheese is American-made Cheddar, a natural cheese. It may be sold prepackaged in your food store, or sold in wedges by weight in specialty stores. Cheddar goes well with almost any food.

MEMORIES HAUNT MONTEREY'S CANNERY ROW

MONTEREY—Stillness haunts the tumbledown warehouses and shanties along John Steinbeck's Cannery Row.

Voices of gulls gliding overhead are heard, and there is the whisper of the sea. But gone are the voices of the men and women who once crowded Cannery Row.

Once it was the site of a 050-million a year industry. In one year, 791,000 tons of sardines were hauled from the sea to Cannery Row.

Once the sea was so filled with sardines that residents fcooped them up with their bare hands. Then, mysteriously, the lver fish disappeared from coastal waters and Cannery Row was abandoned. And the sad exodus of Cannery characters followed the period of fame brought to Monterey by Steinbeck's novel.

Fortunately for the residents cf Monterey, says American Airlines, schools of tourists began arriving about the time the time the school of sardines left. One cannery was turned into a Polynesian restaurant. It is called the Outrigger and patrons come to sip drinks and gaze out to sea at the spotlighted mast of a sunken boat—a monument to a dead past.

Tourist dollars may not top the prosperity occasioned by the sardine stampede — but things aren't bad at all.

Visitors are beddded down at cushy places like the Mark Thomas Inn, next door to the nationally famous Del Monte Golf Course, and the Casa Munras, to mention two among several.

Before sardines and tourists took top billing, Monterey was famed for its whales. The whales, like the sardines, are gone; but Monterey's old Wahling Station remains. And there is a Whaling Inn where the cost to tourists is $8 a night.

Down at Fisherman's Wharf, within earshot of Cannery Row, couples gather at candlelit tables and gaze out to sea. The gulls glide by boats that twist gently on the leash. And there are roaring fires and the aroma of rich seafood — and sometimes the scene spotlighted by a silvery moon.

Out along the peninsula, Monterey's famous cypress trees lean their shoulders toward shore at the beckoning of winds that sign from the sea.

Only next door is Pacific Grove — "Butterfly Town, USA" —where millions of monarch butterflies return each fall, like the swallows that come back to Capistrano.

The famed 17-mile drive between Monterey and Carmel passes through equally ill-known Pebble Beach. Carmel itself is a storybook sort of village where houses have no numobers and there is no delivery of mail.

The town boasts more than 50 gift shops and as many motels and hotels — one of which insists that guests take breakd fast in bed.

Nothing can be changed in Carmel — not a tree or a brick —without city council approval.

Likewise, nothing changes back here along Monterey's Cannery Row.

The tourist comes and he goes, and at night the stillness creeps back to haunt the alleys twisting among warehouses and shanties.

Music Shell Shows Gain

Progress reports on La Honda Camp's music shell construction and expanding facilities of the Music Bank program to supply children with instruments were highlights of the Peninsula Music Fund's last meeting.

Director Anthony Campagna reported that Pacific Telephone Company crews and other volunteer workers had installed major vertical supports and begun basic construction of the shell.

The board voted a six-month extension of its policy for repairing and insuring instruments given or loaned to the Music Bank after Mrs. Harold Mindell reported that the fledgling organization has secured a dozen instruments for student musicians.

Names of 26 recipients of Music Fund partial schoparships to the fifth annual session of the La Honda Music Camp were announced by Mrs. Meriwether Mason, president. They were: Lois Gielow and James Douglas, Aragon High School; Sharon Elliot and Nancy Beattie, Burlingame High; Greg Olson, Capuchino High; Janet O'Brien and Tom Douglass, Crestmoor High; Kristine Werckenthien, Hillsdale High; Ellen Mindell, Bob Griffin and Robert Pedersen, San Mateo High; Rhonda Hubbard and Ann Heard, Mills High; Mike Aydelott, Abbott Intermediate; Michael McNally, Bayside Intermediate; Lois Bendure, Borel Intermediate; Betty Ann Lewis, College Park Intermediate; Vicki Chang, Burlingame Intermediate; John Sherlock and Steven Krier, San Bruno Intermediate Schools; Ezra Palmer-Person and Alison Okada, Hillsborough Intermediate, and Deborah Bennett, Christine Dowcett, Owen Bruce and Lynette Harter from the Millbrae School District.

God, Country Badge Set

The God and Country Badge, the most unusual and prized badge a Boy Scout may earn, was awarded to Keith Moore, son of Mr. and Mrs. Jack Moore, and Steven Humber, son of Mr. and Mrs. Hal Humber, by Rev. Gilbert H. Vieira at the Buri Buri Methodist Church.

Bob Hatton, Boy Scout district executive, introduced Keith, an Eagle Scout, and a junior at El Camino High School, and Steven, a Life Scout and a sophomore, to the congregation during the Sunday services. The God and Country Award involve a full year's program, with candidates and their minister working together.

Mothers of Keith and Steve, Mrs. Jack Moore and Mrs. Hal Humber, were presented with silver miniatures of this award. Fellow Scouts of Troop 179 joined in congratulating Keith and Steve.

NOTE—In the above tabulation of the tides the daily tides are given in the order of the occurrence commencing with the early morning tide and the successive tides as they occur. On some days but three tides occur the fourth occurring the following morning.

The columns at heights give the elevation of each tide above or below the level of Coast Survey chart surroundings. The numbers are always additive to the chart depths unless preceded by a minus sign or dash (-) when the numbers are subtracted from the depths given by the chart (U. S. Coast and Geodetic Survey).
